1987-88 SAGA

Capturing the vitality, the diversity, and the the experience of the W. T. White student body, SAGA staff presents ...

A Sign of Our Times

Left: The Longhorn band plays to the rhythm of a pep rally as the cheerleaders prepare for a cheer. **Above:** Brad Plauche, as usual, is winking to his feminine spectators.

Above Left: Two underclassmen proceed through their day in their full array of Friday orange. **Left:** James Gowans and Steve Coleman take a break during a football game to smile for the camera.

Above: Cheryl Deno — Always smiling.

Left: A camera shy student and a not so camera shy student.
Above: Ms. Giller's reaction to perhaps some juicy gossip.

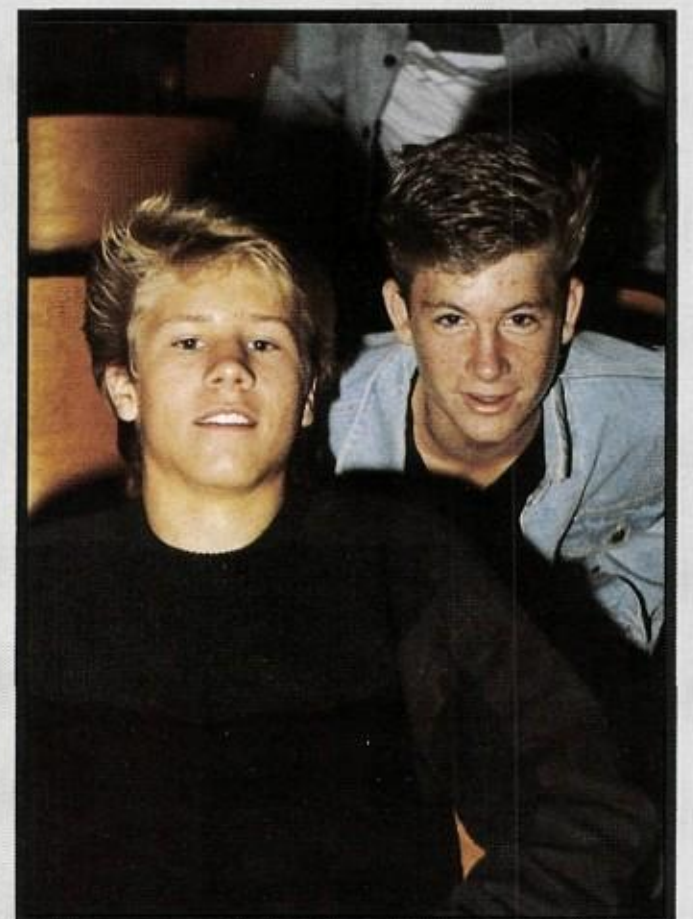

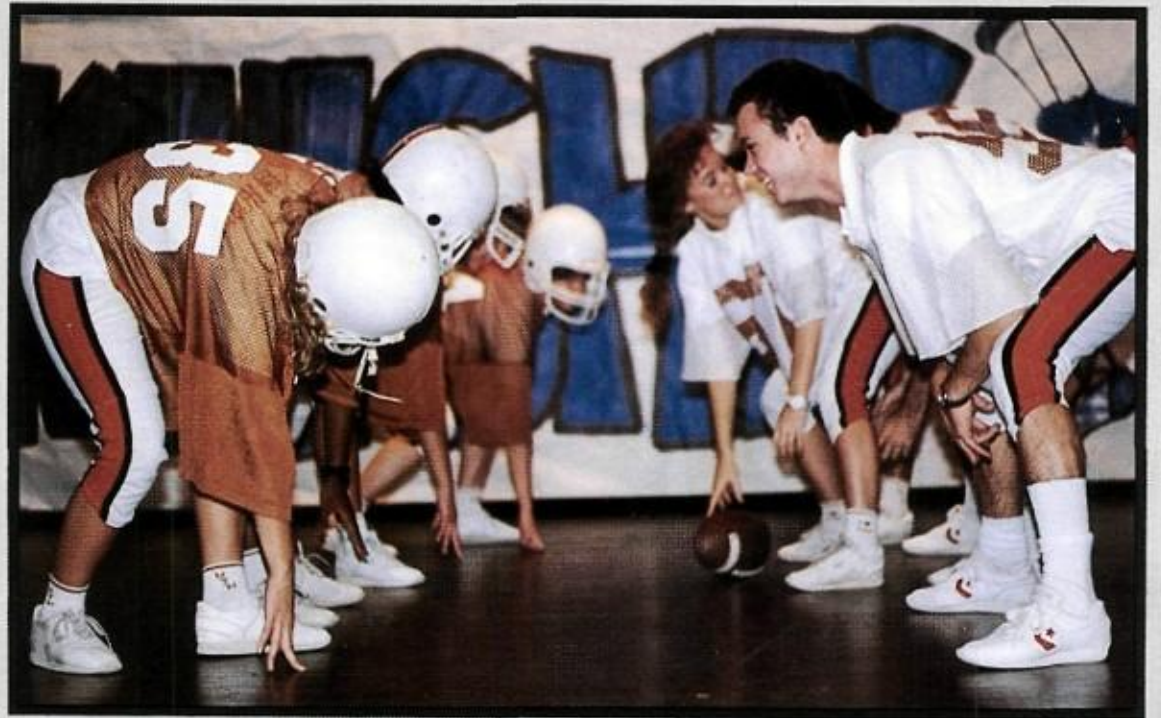

Above: Sammy Prager demonstrates his gymnastic talents during the LPC — BODS football game.

Above: Dorisa Jones gives a dramatic tour of the lunchroom. **Right:** Cheerleaders prepare to play a mock game of football.

Above and Right: Smiles are easy to come by these days, one only has to ask.

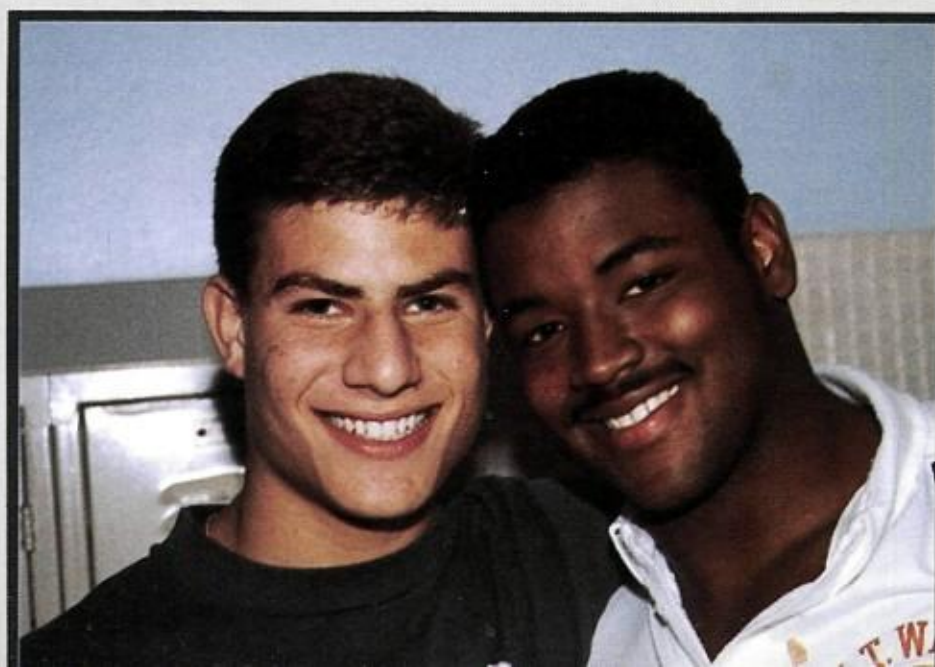

A Sign Of Our Times

In a world where
change is the constant,
one must look to forms
of stability, such as
memories, ideals, and
dreams . . .

Below: Sharon Mosley shows her spirit at a Friday pep rally.

Above: Die-hard spectators fend the first frost of the year to watch the BODS-LPC football game.

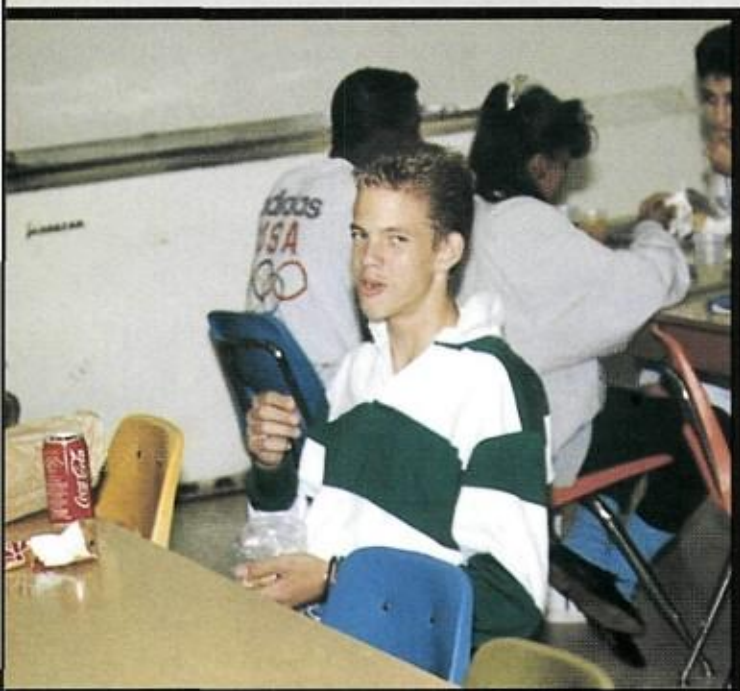

Above Left: Gary McCusker and Scott Quigley practice for the more relaxing sport of spec-tating.

Left: Keith Auer is sure to grab a table to himself before joyfully eating his sack lunch.

The abundant vitality
of the W. T. White
student body is critical
in breaking the
sometimes monotonous
academics

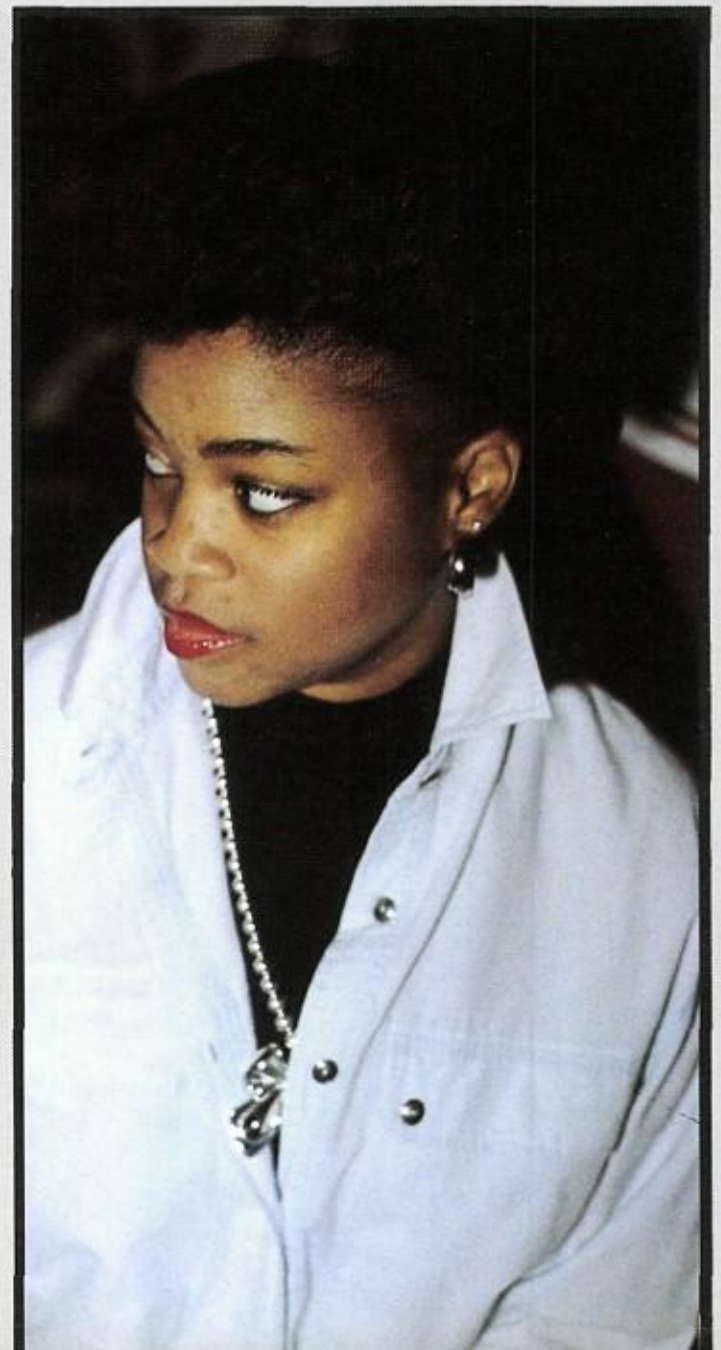

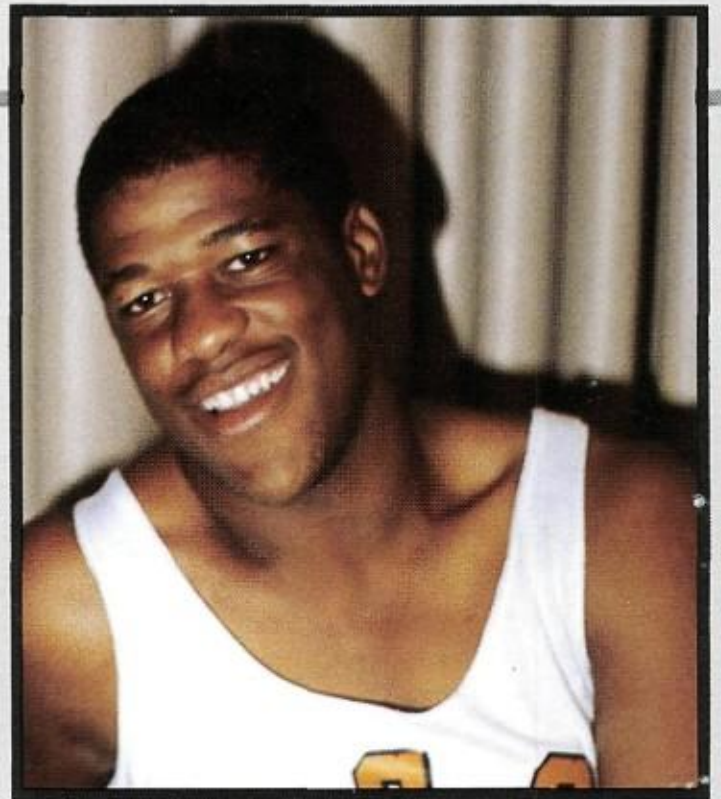

Below: Carie Bejcek is caught in the act of eating.

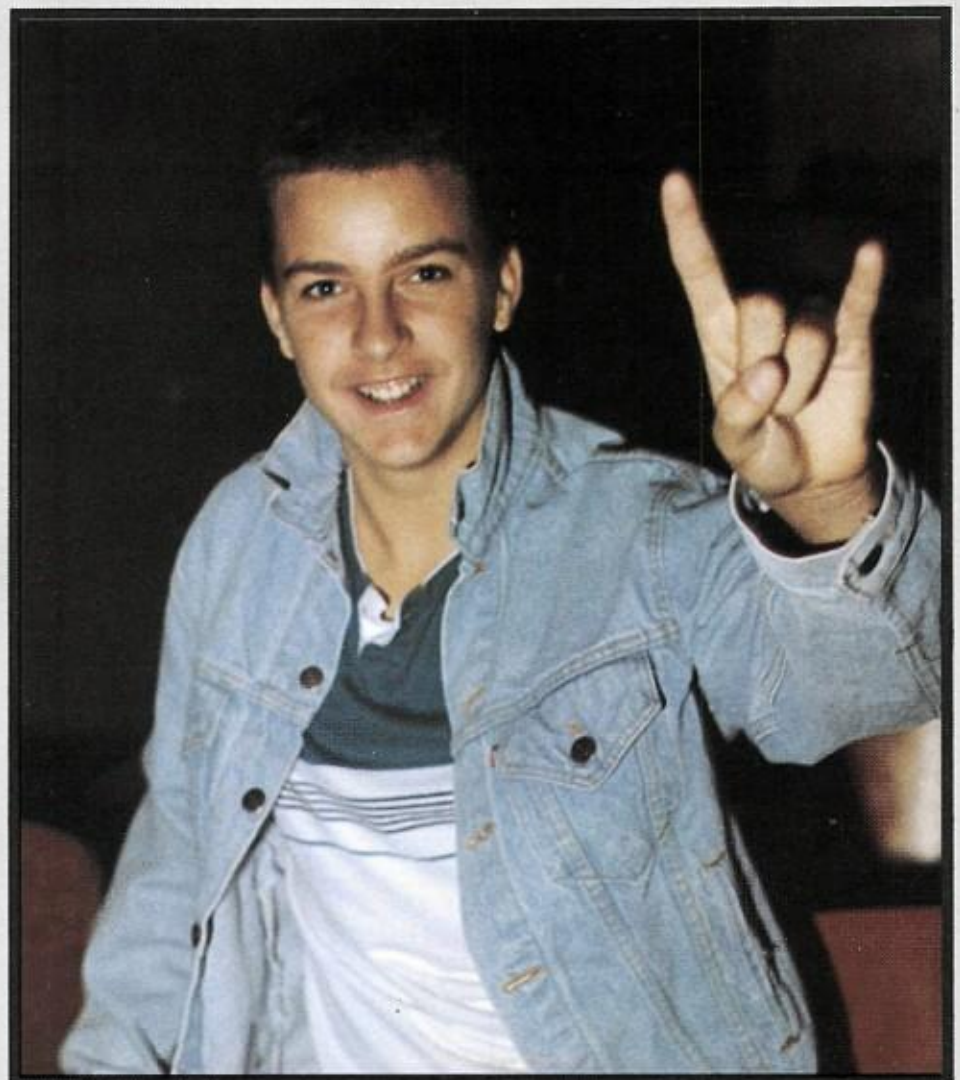

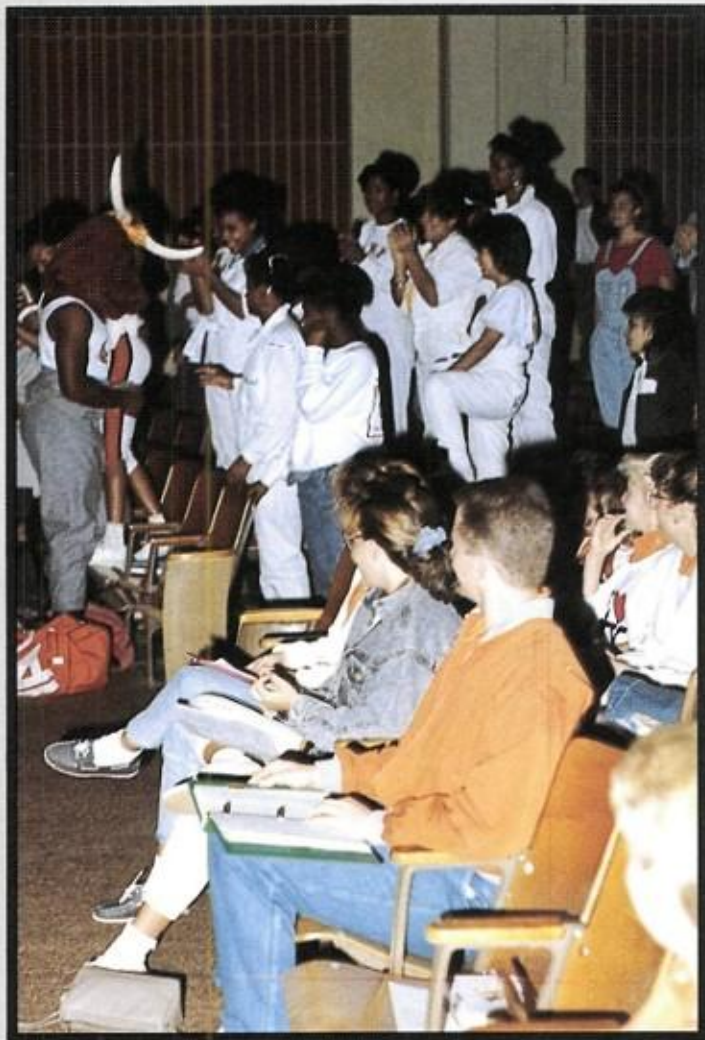

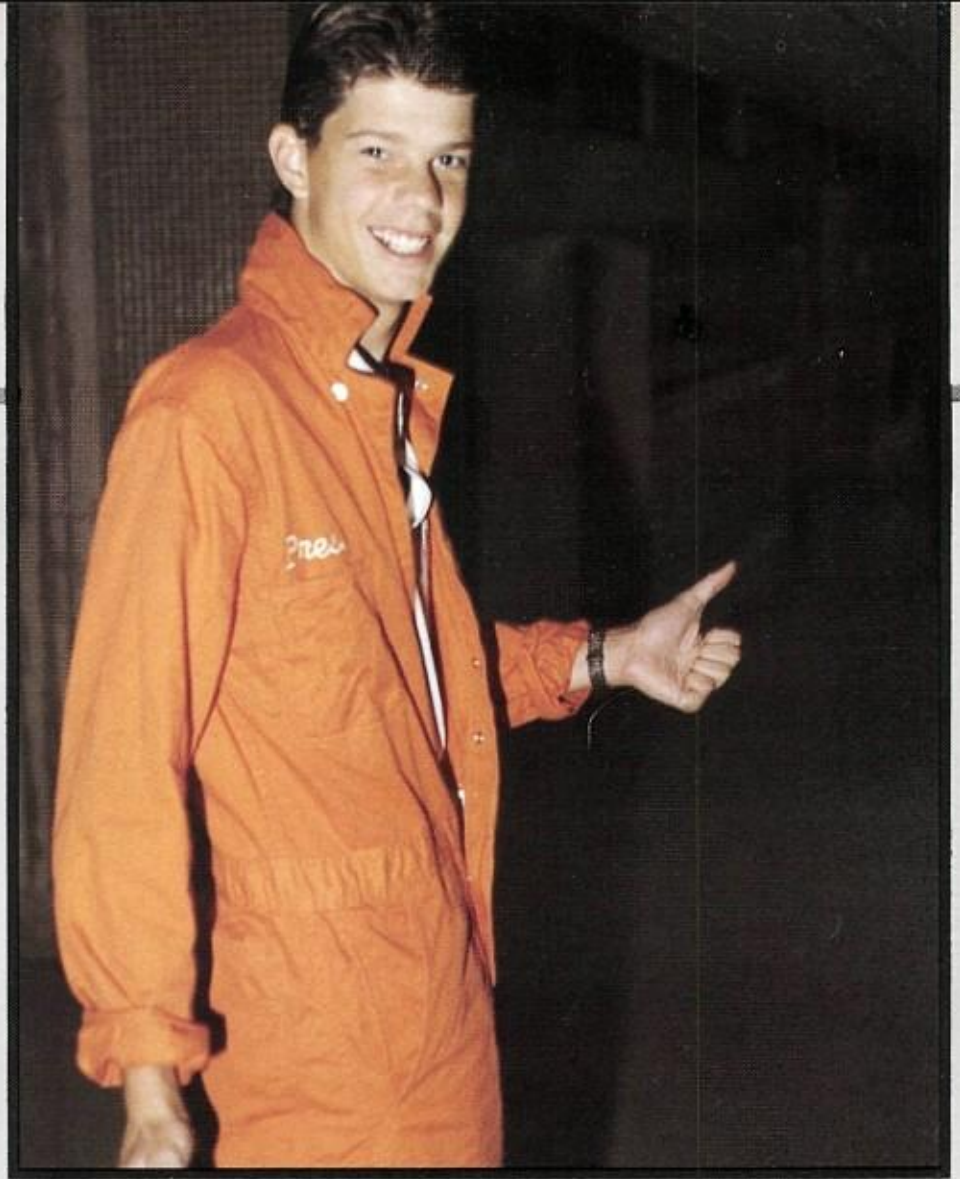

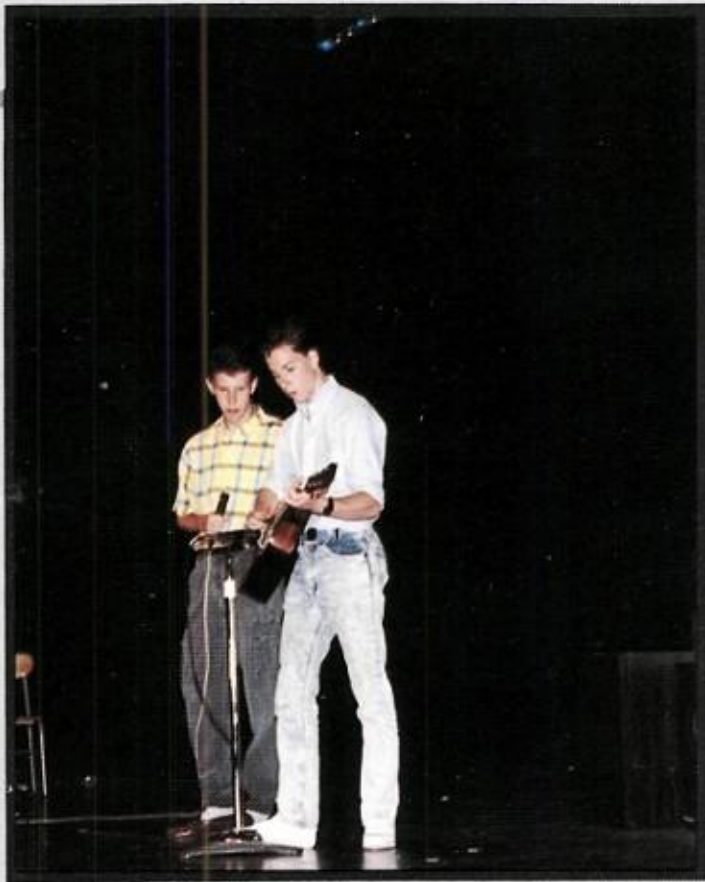

Right: A lively wrap group
entertains at the Hoof-
beat talent show.

The diversity of
students is strikingly
apparent in the
individuality that W. T.
W. represents and
encourages . . .

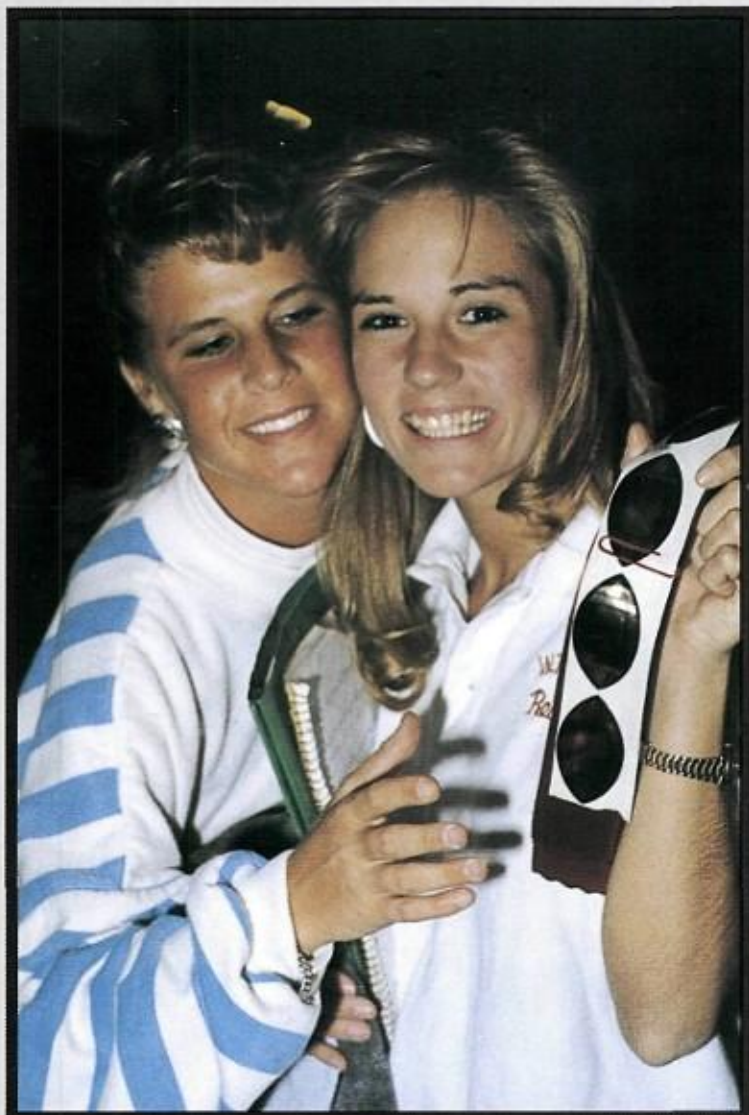

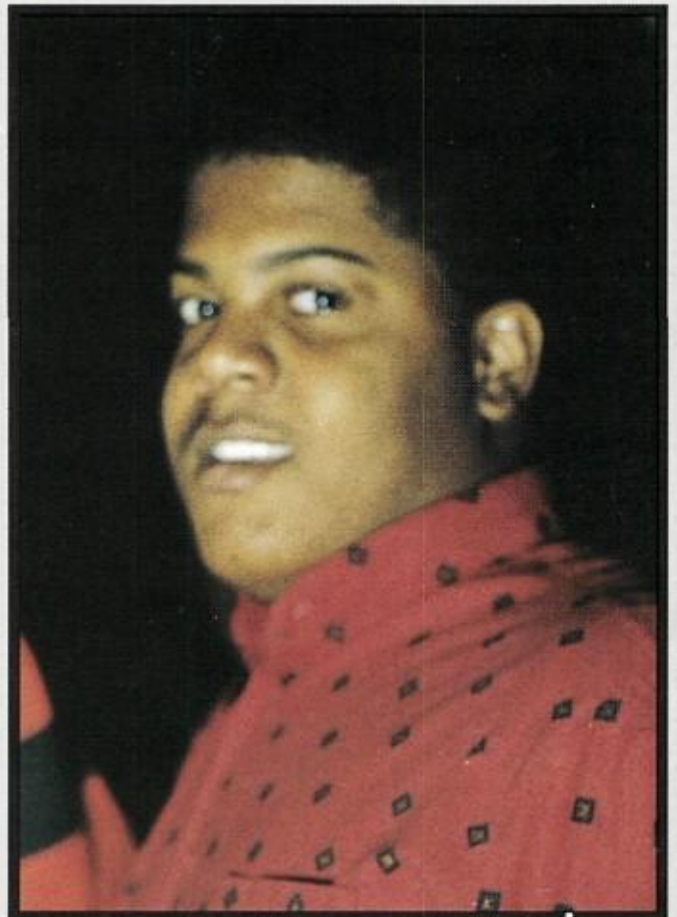

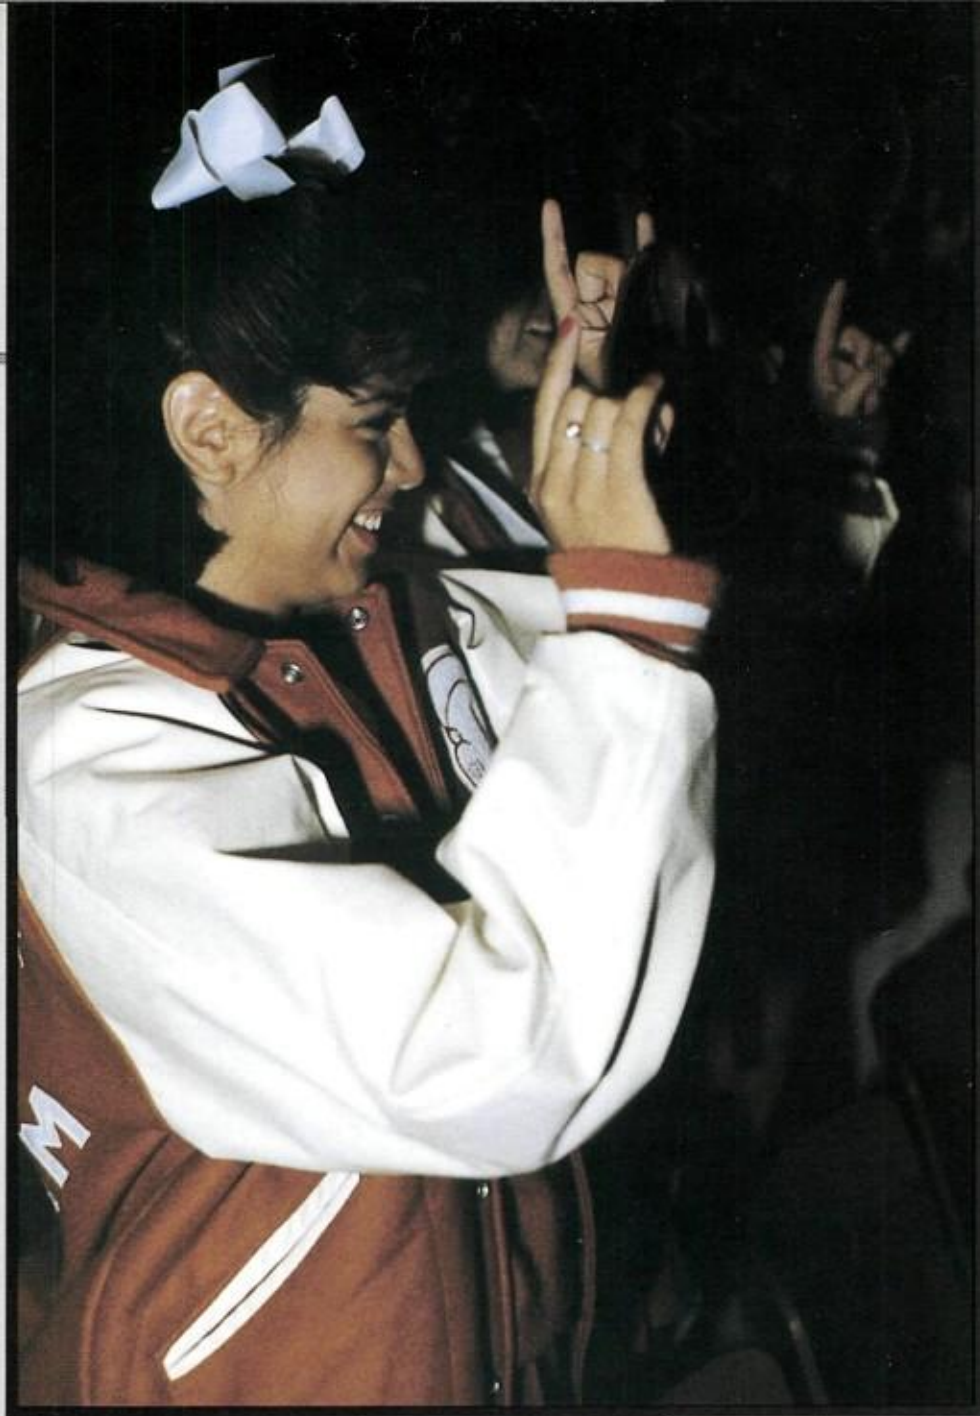

Above: Nikki Wingfield and other band members pause to watch the pep rally.

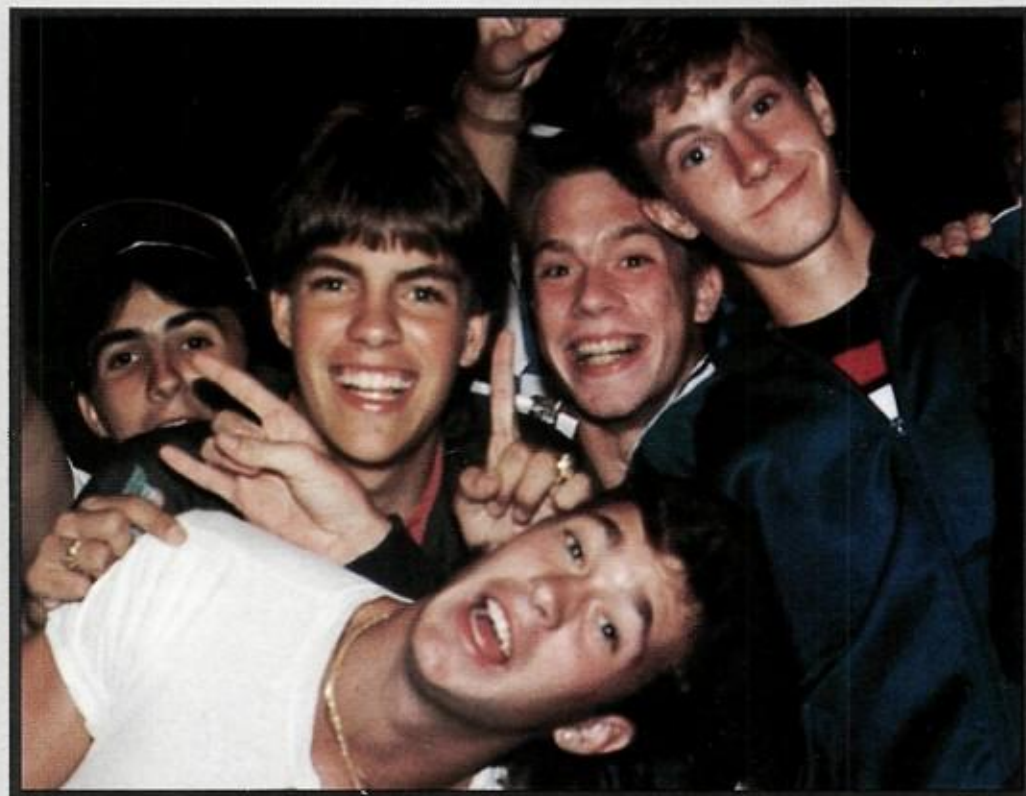

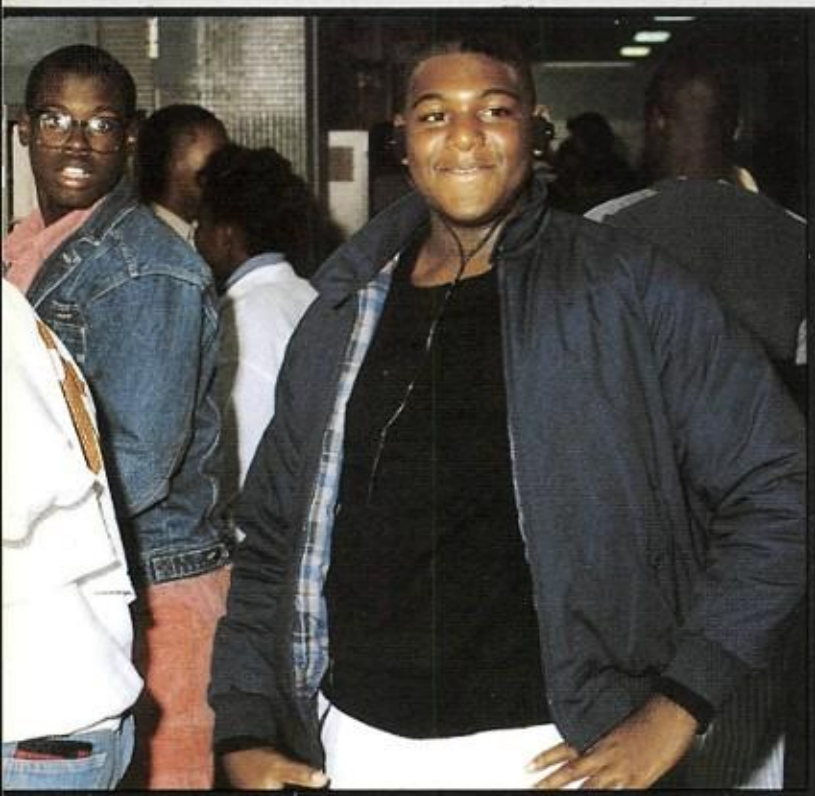

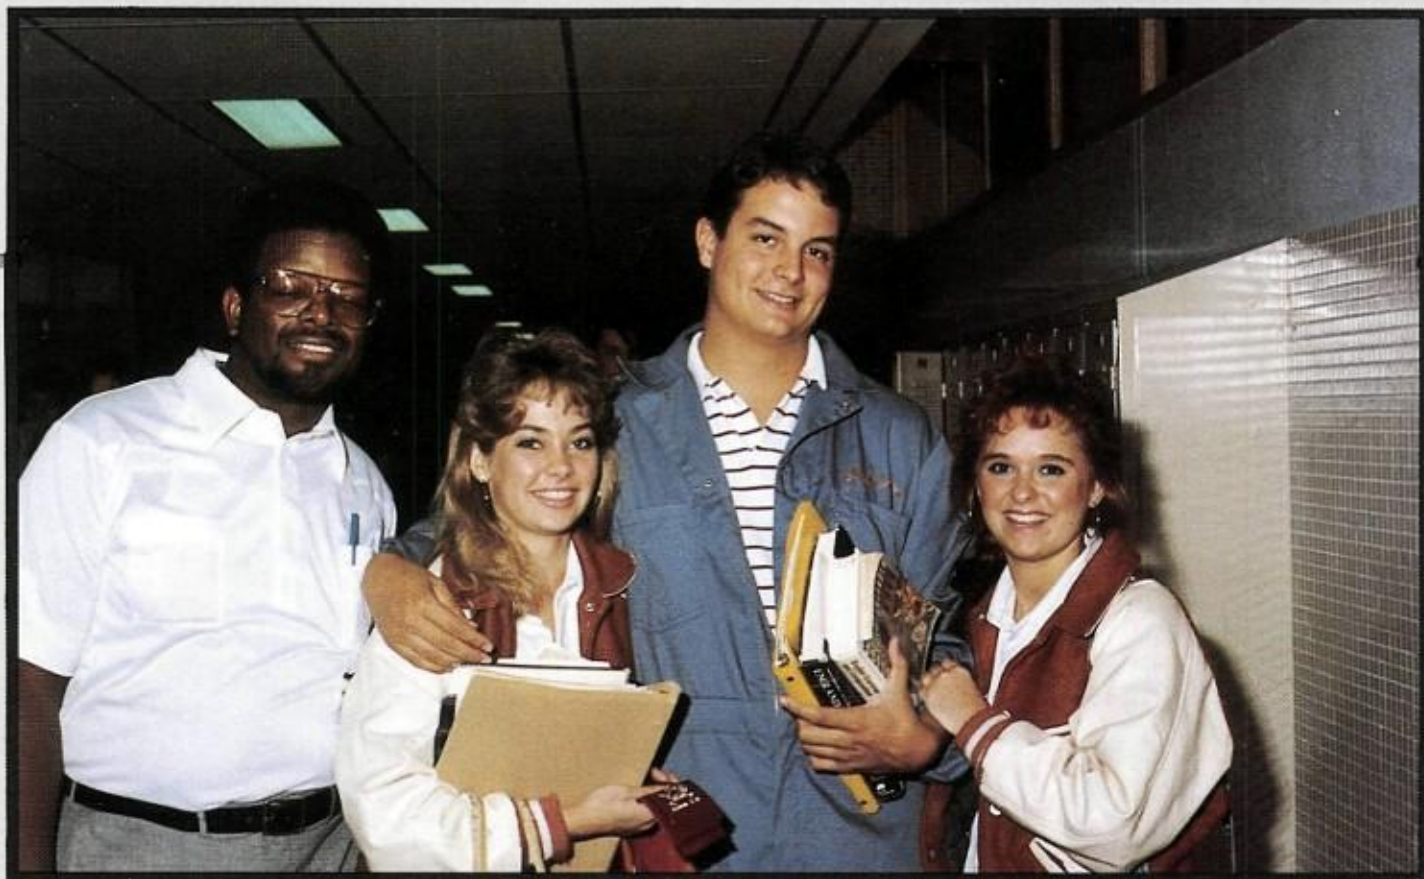

Sarah McCandles is shocked or stunned by ...

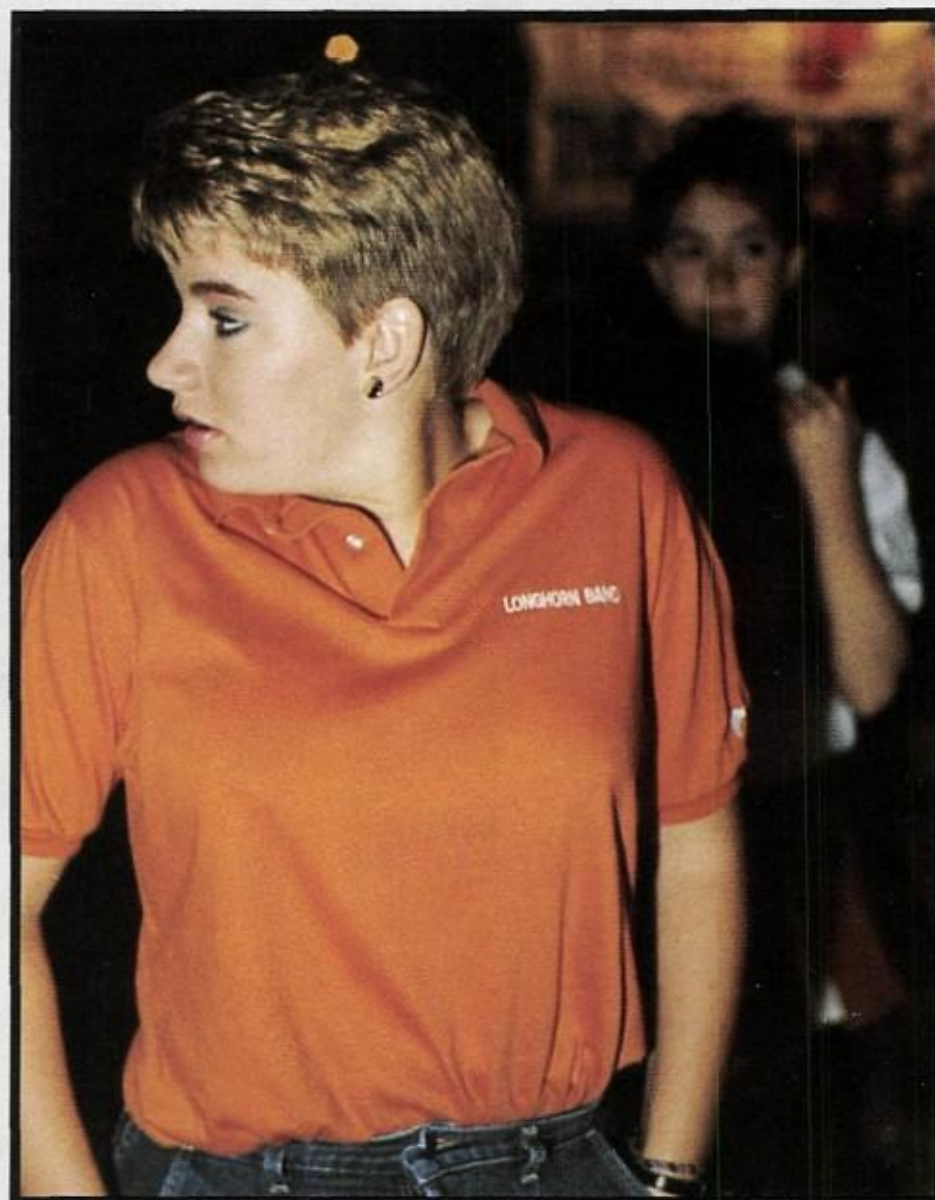

The experiences one gains during the 1987-88 academic year is essential to the continuation of memories and accomplishments which are the summation of one's life ...

Left: Mariann Wineburg anxiously reaches to steal Robin Hinton's football ribbons. **Above:** Students are eager to show their school spirit.

Left: Baby Bulls graciously accept a spirit stick for their enthusiasm. **Above Left:** A student contently listens to his walkman during school.

Above and Right: As these students show - hands in the pockets is the most comfortable stance.

As every year is important, so is this year,
and as every year is different, so is the 1987-
88 year's activities and students.

Annell Barentine has been teaching at W.T. White for 22 years. She comes from a family of teachers. She enjoys teaching because of the variety; her day is never boring. She feels very strongly about extra curricular activities. She has sponsored many clubs including Whiz Quiz and Academic Decathalon. Mrs. Barentine has definitely made a great contribution to W.T. White.

Congratulations to Mr. Davis on his fantastic job on the Homecoming Dance! This was Mr. Davis' first year at W.T. White High School. He is the sponsor of the 1987-88 Student Council, and without his help Homecoming '87 would not have been such a huge success.

Student Council

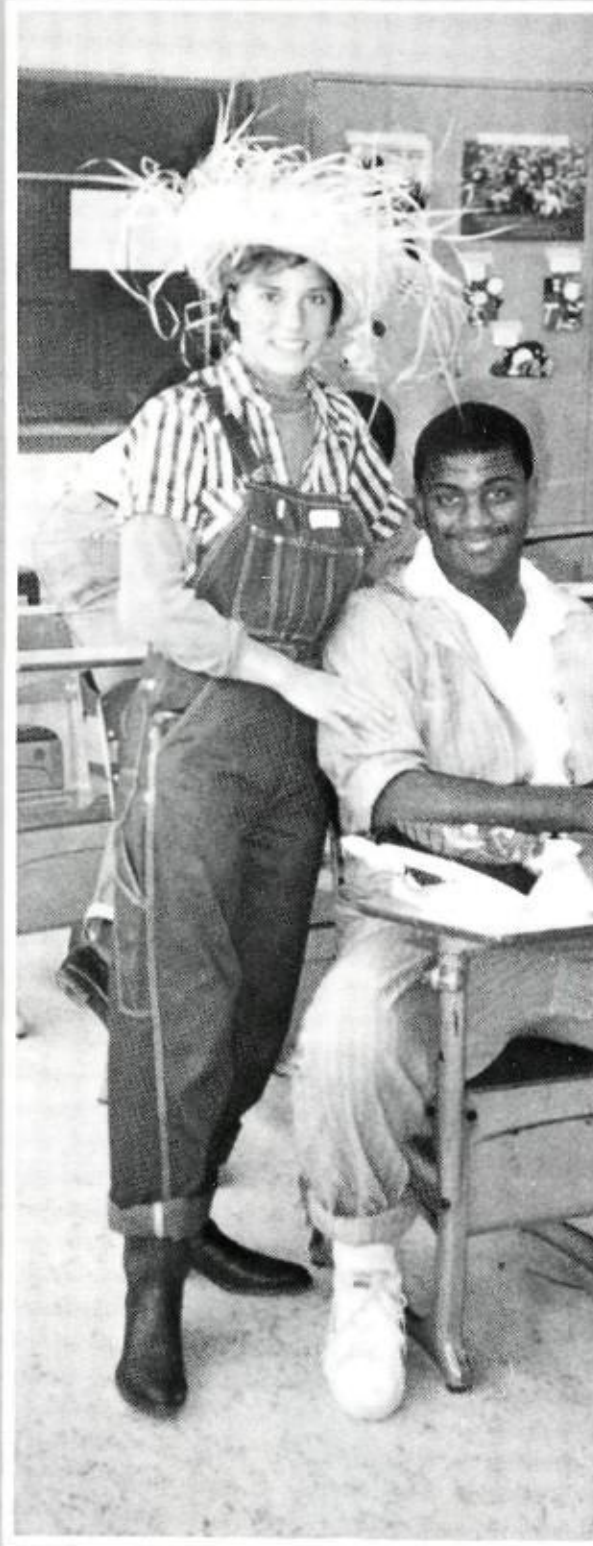

The 1987-88 Student Council was led through a victorious year by their officers: Ben Guedry-President, Ronnica Wingfield-Vice-President, Sarah Pickard-Secretary, Irby Hunter-Treasurer. The members of the Student Council were made up of a group of representatives and alternates chosen from each first period class. The 1987-88 Homecoming, sponsored by the Student Council, was very successful and enjoyable event held at the Lincoln Hotel. The council was extremely active and helpful in planning events for the students of W. T. White High School this past year.

PRESIDENT
Stephanie Lenox

The 1987-88 Senior Executive Board stood out among the rest this year! The group started the year early in the summer with a car wash to raise funds for their upcoming activities. As the school year started, they held events that included a spaghetti supper with slave auction; the senior carnival; the luau dance — "The Last Resort"; and various other activities ranging from the *Ten Little Indians* play to the fifties dance. The hours of fundraisers were well worth it, as the board members and committee members worked very hard along with the senior mothers to produce a very successful year. This

Focus On

Oliver North Captivates Nation

The year 1987 was a banner year in the history of movies! Various genres contributed to the wide variety of movie themes that dominated film. Some of the exceptional movies included: **Fatal Attraction**, starring Glenn Close and Michael Douglas, transmuted the pangs of unrequited love into lethal weapons; **Three Men And A Baby**, starring Tom Selleck, Steve Guttenburg and Ted Danson, enjoyed the antics of three bachelors facing the chores of parenthood; Stanley Kubrick's **Full Metal Jacket** was a power-

ful story about the harsh reality of Vietnam; **Beverly Hills Cop II**, featuring Eddie Murphy, was the year's biggest box office hit with Axel Foley's continuing exploits in Beverly Hills; **The Untouchables** with Robert DeNiro and Sean Connery was based on a television series that revived the ganster stories; Broadcast News included William Hurt, Albert Brooks and Holly Hunter who added sparkle into a comedy about what corporate greed is doing to jobs, journalistic standards and love lives.

New Frames In Entertainment

Lieutenant Colonel Oliver North; the epitome of an American hero. This year, during the so-called "Contra" hearings, he proved to America that he could withstand all of the trials and tribulations that the liberal Congressional Committees could throw out. Through his entire ordeal, he stood fast to his ideals

and to what he felt was right. Colonel North never denied his involvement in the support of the Nicaraguan freedom fighters, nor did he show any break in his loyalty to President Reagan and to his commitment of encouraging other peoples to obtain the democracy that they strive for. He used controversial means in or-

der to achieve what many think to be a worthwhile goal of eradicating the Communist presence in the Western Hemisphere. Ollie's strong moral character, patriotic stature, and admirable ideals made him one of the most irresistible personalities of 1987.

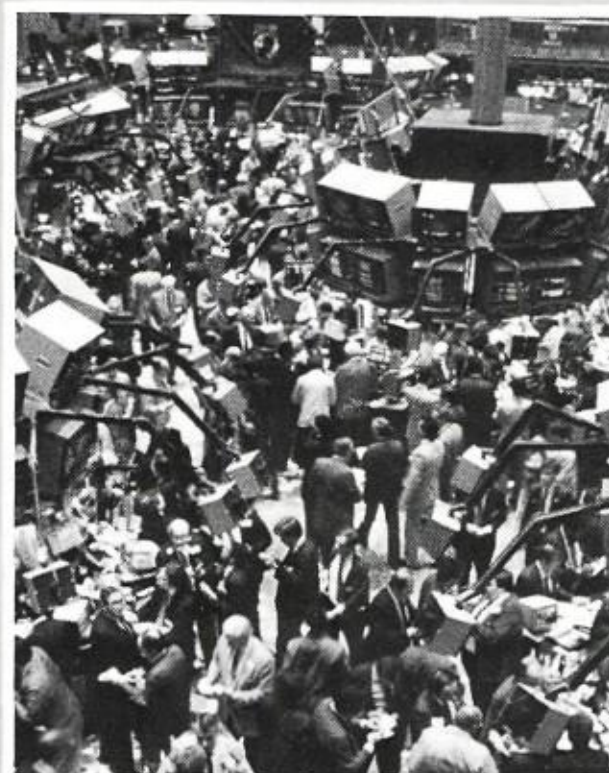

Pope Unites Catholics

During his worldwide tour this fall, the Pope John Paul II stopped in the U. S. for a nine city tour. The Pope traveled in an effort to peacefully unite culturally diverse nations. In America, he was confronted with the more liberal ideas of American Catholics. The Pope stressed the unity between the American Catholic and the Catholic Church in Rome. One of the nine cities

toured was San Antonio, Texas. Catholics from the nearest to the farthest points of Texas made a modern day pilgrimage to hear the blessings of the Pope. The crowds varied in age, wealth, and cultural background. The spectators braved the large mobs and the sweltering heat to listen to the concerns, the hopes, and the ideals of the Catholic Church.

Black Monday Again?

The Dow Jones industrial stock had the largest drop in history. The Dow Jones industrial average dropped five hundred and eight points on Monday, October 19, 1987. Though some called it a "crash" or even a "melt-down" others called it "Black Monday." Whatever it was called, it stripped five hundred billion dollars from the market value of the United States securities. President Reagan assured the country that the economy was stable and was not headed for another Great Depression.

1987-88

"BABY JESSICA"

During the 58½ long hours of Jessica McClure's entrapment, she was every parent's child. The whole country was watching and hoping as the 18-month-old girl was trapped in an abandoned well. Jessica fell down the eight-inch pipe in her aunt's backyard on Wednesday, October 14, 1987, as she was playing with two older friends. Her fall came to rest in a cavity 22 feet below the surface. Drilling experts arrived quickly and at first hoped to reach the girl in just a few hours. It took until Friday noon to reach Jessica. The passageway was still too narrow to free the girl who was wedged tightly in a space that was only 12 inches across. Though rescuers were able to keep her warm by pumping heated air down the well, physicians decided not to give her food or water; food could cause vomiting and choking. The rescue team considered asking the aid of Ron Short, a Midland roofing-company owner who was born without collarbones, to push his shoulders tightly together to try to squeeze through the narrow shaftway to free the girl. Instead, the rescuers received special equipment to widen the passageway by late Friday. Lubricating jelly helped free the girl, who was then wrapped in padding to a board that was pulled up to safety. Just before 8 p.m., regular programs were interrupted to show the final rescue. As a result she will be undergoing physical therapy to correct the damage of right foot that was pinned up against her head.

POLICE CONTROVERSY

The Police Department hit the front page of our local newspapers after two separate killings of police officers James Joe and later John Chase. The City Council vs. the Police Department has been a powerful issue throughout Dallas. Unfortunately the deaths of the two officers made society aware of the relationship of the police between both the City Council and the people. The wives of the police officers were concerned about their husbands and enacted on their safety by making the public aware of their need of support, such as rallies held for police officers. Police Chief Billy Prince portrayed his leadership by indoctrinating the two man task force to secure each officers safety. Although safety is a major issue to the police, the police affirmative action plan continues to set guidelines to stabilize the Police Department. The guidelines say the Police Department should give 25 percent of promotions to blacks and 10 percent to Hispanics over the next five years. This affirmative action plan will result with less crime and better community relations by enabling the people to relate to the police force. Through an interview with Reginald Hubbard who has been on the police force for nearly six years, the inside of the Police Department is better understood as follows: The two officer task force has both positive and negative results. The police officer not only feels more secure, but their families are also assured knowing their husband or dad is safer. The main negative regarding two officers per car is the area that is being covered. Each police car is allowed more area, but fewer cars are being released. The actions being taken to support our Police Department have concluded in a closer relationship with the police and community.

END OF NUKES?

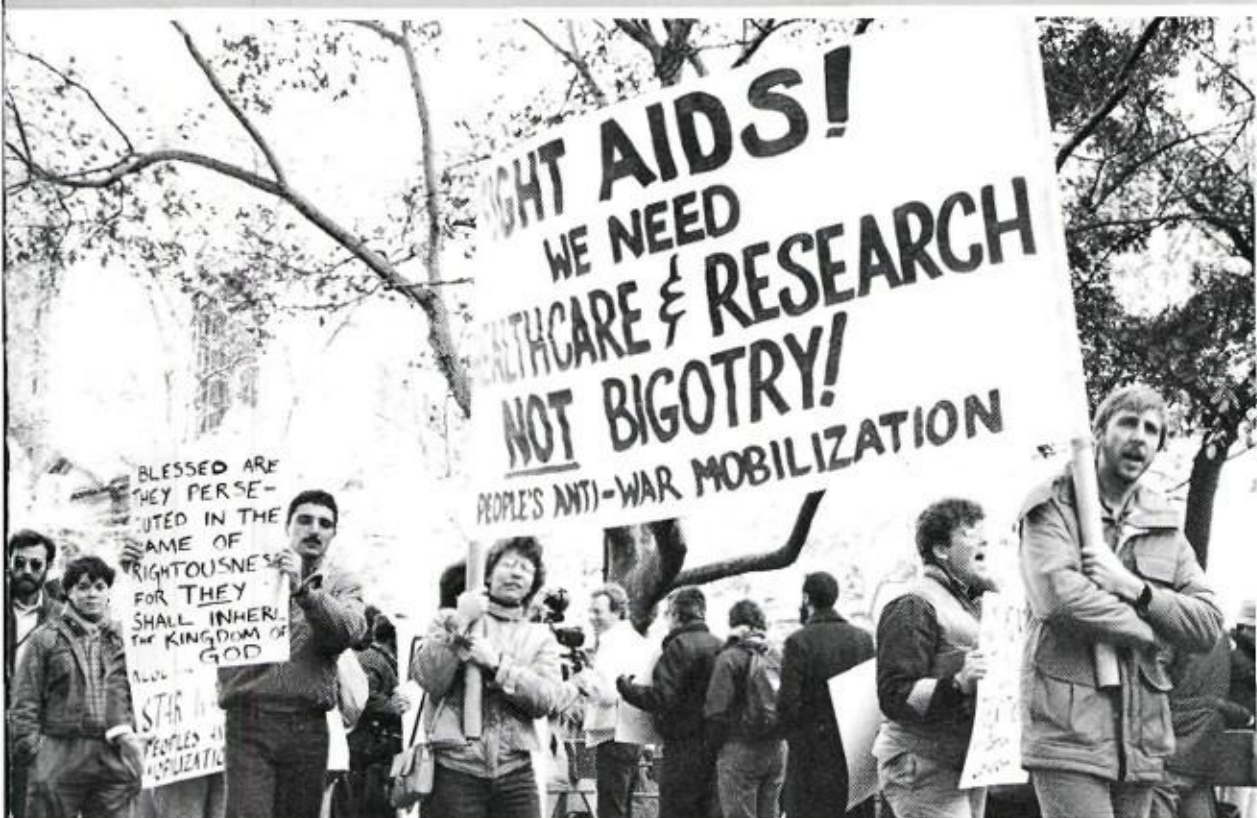

On December 8, 1988, President Ronald Reagan and General Mikhail Gorbachev of the Soviet Union signed an intermediate-range missile treaty. Besides the signing of the treaty, there was a media extravaganza in which the treaty symbolized a historic event. Many questions have been raised to the public. Does the treaty represent some sort of change in the United States-Soviet relations? Does it mean two great powers are facing a new approach of a nuclear dilemma? What is the real significance of signing the treaty? According to Beichman, who is working on a history of Soviet treaty behavior, the United States simply cannot deal with the Soviet Union. His reasons include that the Soviets have a seventy year history of breaking the promises. Beichman believes the Soviet violation is "systemic". Patrick Buchanan concludes Beichman's ideas by stating: "as good communists, believing themselves to be at war with the West, they have a right to deceive us." Gerald C. Smith disagrees with the Soviet historians. He claims that the treaty will "relegitimize the arms control process." Reagan continuously announces his intentions of cutting strategic engagements. Nuclear weapons can never be uninvented, but perhaps nuclear arms will not be the ultimate tool of destruction. The number of nations with the ability to produce such weapons can increase, but the treaty between the United States and Soviet Union remains a possibility to decrease missile arousal.

AIDS: THE DEADLY DISEASE

AIDS is a plague that knows no boundaries. AIDS has generated into a deadly disease with no cure. The disease was first recognized in the United States in the early 1980's. The plague involved mainly homosexual males and intravenous drug abusers primarily in New York, San Francisco, and Los Angeles. The common way to get AIDS from a hypodermic needle soiled with

contaminated blood is almost always an intravenous drug addict. AIDS stands for "acquired immune deficiency syndrome", a fearsome plague caused by a newly discovered virus that destroys the body's natural ability to defend itself against disease. Victims die because they can't fight common diseases like pneumonia or cancer. The AIDS virus is not spread by what you

eat or drink, by utensils or glasses, by shaking hands, by toilet seats, coughs, sneezes, social kissing, hugging, sitting or working next to a person with AIDS. The Centers for Disease Control in Atlanta predict that within five years, eighty percent of all AIDS cases will be found outside New York and California. Another supporting fact is that AIDS is increasingly being transmitted more through heterosexual contact. An estimated 48,000 Americans have already been identified as having AIDS - 27,000 of them have died. One and a half million more are believed to be infected with HIV, the virus that causes AIDS. Experts estimate that by the end of 1991 the total number of cases in this country will reach 270,000 - 179,000 deaths. A figure indicates that approximately 54,000 will die in 1991 alone. This figure practically equals the death toll of the entire Vietnam war. Because no vaccine or cure yet exist, public education is the only way the AIDS epidemic can be controlled.

PERSIAN GULF

Since the accidental missile attack on the U.S.S. **Stark** by an Iraqi jet, the United States has increased its naval power projection in the Persian Gulf. The navy is caught in the middle of the long-time feud between Iran and Iraq. Officially, the navy has maintained its presence in the Gulf to protect international shipping. Oil tankers have been waving the Stars and Stripes to show that the U.S. means business. Iran responded to this act by mining the entire gulf. U.S. minesweepers managed to clear that threat, and armed ships began to escort the flagged tankers after several had been damaged by mines. Since then, several confrontations have occurred involving Iran and the United States. Numerous unsuccessful attacks on U.S. ships and helicopters were attempted by Iranian speedboats. The U.S.S. **Kidd** retaliated to those aggressions by lobbing over a thousand five-inch artillery shells at an offshore platform used by the Iranians

to launch their speedboats. The United States has gradually begun to reduce its naval commitment in the Gulf, but tensions remain high in this area. At this point in time, no one can predict when these conflicts will be resolved.

WINTER OLYMPICS '88

The tradition of the Olympics dominates the interests of the people during the winter ceremony openings of the fifteenth Olympiad in Alberta, Calgary. As the winter events vary from skating, skiing, bobsledding, hockey, and others, the United States demonstrated their talent in each individual event. In two short weeks the athletes will make history; each one will compete for his country. The United States take their first medal when Jill Watson and Peter Oppegard receive a bronze in the pairs figure skating. The men's figure skating foregoes a competition between Brian Boitano of the United States and Brian Orser of Canada. Boitano and Orser tie in the artistic merits, but Boitano wins the first United States gold medal due to the technical merits. Bonnie Blair gives the United States a second gold medal. Blair won the medal in the 500-meter woman's speedskating race in the world-record time of 39.10 seconds, just faster than East Germany's Christa Rothenburger, who finished in 39.12. It was the first gold medal in speedskating by an American woman since 1976. For the second time in history of Olympic hockey, professional players will be allowed to compete. The United States hockey team differs from other teams since Coach Dave Peterson stated that they would not use any pros! As the competition continues the team does not medal, but each player, along with the fans, approaches the game with intense spirit as the team approaches the game with great work ethic. The United States

CLOSING THE GENERATION GAP

Socks, limbos, bunny hops, hoola-hoops, kids and parents? This February, the Senior Executive Board, with the initiative and ingenuity of Mr. Lennox and an enthusiastic "Father Devito" DJ sponsored a 50's sock hop in a successful attempt to bring parents and students together to reduce the generation gap. Parents surprisingly made up 70% of the masses, thus, making a very profitable money maker for the Senior Class. Board president Stephanie Lennox is positive about student/parent activities such as the sock hop, which appear to be the beginning of a constructive tradition not at only W.T.W., but soon other area high schools.

continues to win medals as Eric Flaim places second in the 1500 meter speed skating event. After his race he set a world record with 152.12 seconds, but the gold medalist set a new world record with 152.06 seconds placing Flaim with the silver medal.

NO SMOKING

On September 1, 1987 the "no smoking" rule went into effect. Students were no longer allowed to smoke on campus during school hours. Besides smoking, any type of tobacco was prohibited. When W. T. White opened in 1964 smoking was banned throughout the school. Later the smoking porch was located on the west side of the school. Students could smoke between classes or during lunch. Today students are not allowed to smoke on campus. After January 1, 1988 faculty, visitors, and students cannot smoke in the building.

MUSIC AND FEELINGS

The 1987-88 song selections evoke a myriad of feelings and memories which symbolize the anxiety, the awkwardness, and the curiosity of growing up both physically and mentally ... and just to name a few ...

PRESIDENTIAL ELECTION

The media of the 80's has in recent elections, as well as in the '88 election, been very powerful in directing a theme or a focus among the presidential candidates. In the '88 election, the concentration is centered around the values and the ethics of a president to which whom children use as a role model and whom all other countries use as the most dominant representation of the United States. The '88 election is preceded by an eventful year full of moral questions addressed to the American public. Are the foundations of society deteriorating or are they just

moving in a different direction? As a rising generation, what can young people do to stabilize the effects of the 70's, a generation responsible for civil rights awareness, responsible for breaking conformity, and responsible for the search for individual identity?

The year began with the Tammy Faye and Jim Bakker scandal which brought into view the mass appeal and the power of T. V. Evangelists. Subsequently, when Pat Robertson, another T.V. Evangelist, announced he was running for presidency, the public questioned the man who so forcefully made

religion a topic for the election. His emphasis is on social reform, a much needed and wanted to be discussed problem.

Later in the year the news probed into Gary Hart's affair with Miami model Donna Rice. Although the incident is personal to Hart and his family, the media presses the question, what kind of a person and with what values does America want in a president? After dropping out of the political race, Hart returned as the candidate who is human and does sin. He presented the real and less ideal candidate.

Other incidents include candidate Biden's plagiarism of one of former President Kennedy's speeches and false signatures on candidacy petitions for Dole and Haig. Along with these questionably moral occurrences, distrust among the candidates is predominant. In the Dallas Morning News debates, Republicans Pat Robertson and Bob Dole refused to participate on the basis that George Bush had supposedly been leaked the questions.

Although no candidate is perfect, as he is human, the American public is still interested in "knowing" the person politically as well as personally. Ultimately, the values and the background of a president will directly and indirectly affect the way he or she relates to people as well as how he or she acts responsibly in the interest of the people.

FOOTBALL STRIKE

To sports fans, the word "strike" used to just refer to baseball, but now it has another meaning. In the 1980's, two football strikes and two baseball strikes have occurred. A 23-day walkout by the National Football League Players Association (NFLPA) this year brought words "scab" and "replacement games" into the vocabulary. Only Randy White and Don Smerek did not support the strike for the Dallas Cowboys. For three weeks, half-filled stadiums and sloppy play were seen along with many strong union cities supporting the strike. Dallas, a non-union city, enjoyed the play of Kevin Sweeney, Kelvin Edwards, and Mike Dwyer. The strike ended with the NFLPA deciding to take their problems to court and allow the players to return to work.

CLASS FAVORITES

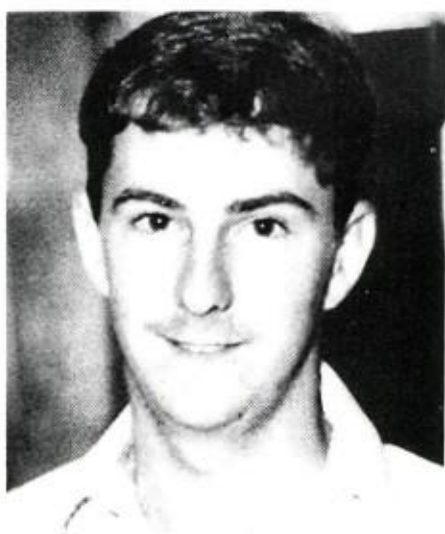

The voting of class favorites is a way of identifying individuals whose character is uplifting to many others in his or her respective class. In recent years, the results of the favorite votes have begun to represent the trends or the movements of the students into more broken-down and diversified groups. The 1987-88 voting confirms that although the same numbers of people are electing a favorite, the favorites themselves vary dramatically, thus, showing that no one or even ten people stand out among each class. Within each of the countless small groups or cliques, multiple people stand out as being favorites. This conclusion merely exemplifies the 1987-88 WTW student body in its desire for colorful uniqueness within the individual and not within the large group. The SAGA staff as a whole is therefore depicting random students in representing the concept that each person is a favorite within one group or another.

Induction into the National Honor Society at W.T. White is an honor and a privilege. Students in this organization have been chosen on the basis of their scholarship, leadership, service, and character. To qualify for consideration, junior and senior students must have an overall average of 89. After qualifying, students complete an application which is reviewed by a committee of faculty members. Rank in class, GPA, and teacher evaluations are also taken into consideration when choosing new members.

Approximately five percent of the junior class, ten percent of the senior class comprise the National Honor Society.

NATIONAL MERIT

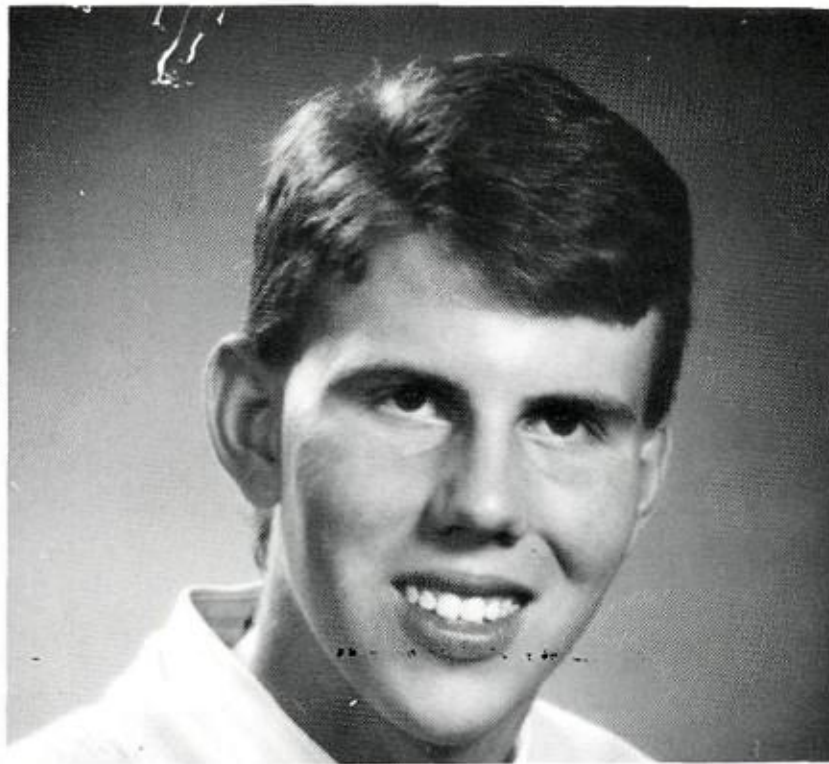

LESLIE BRITTAIN:

"Ask not what your country can do for you, but what you can do for your country." - *Kennedy* "We know what we are, but know not what we may be." - *Hamlet* Hobbies: sailing, tennis, skiing, reading, and sleeping

AMY BUCHANAN:

"You never win or lose if you don't run the race." "The surest way not to fail is to determine to succeed." "You made your bed and now you have to lie in it." - *Dad* Hobbies: horseback riding, cats, international travel, indoor soccer, watching movies at home, and convertibles.

ROB COOK:

"Why do 7-11's have locks on the doors when they never close." - *Gallagher* "I would never date a girl who would go out with someone like me." - *Woody Allen* Favorite words: The right combination of hard work and luck can lead to success.

JEFF DAWSON:

"Learn as if you were going to live forever, live as if you were going to die tomorrow." "Never look back unless your going that way." "A faithful friend is a sturdy shelter; he that has found one has found a treasure." Philosophy: Always remember that listening is 95% of the learning process and no one ever learned anything by talking all the time.

COMMENDATIONS

SALLY DOERRIES:

"I'm sorry, I just don't see what's wrong with this relationship." — *Monty Python* "If we wish to make a new world, we have the materials ready. The first one, too, was made out of chaos." — *Robert Quillen* "If you saw how he whipped them up, you wouldn't eat Bryan's scrambled eggs either."

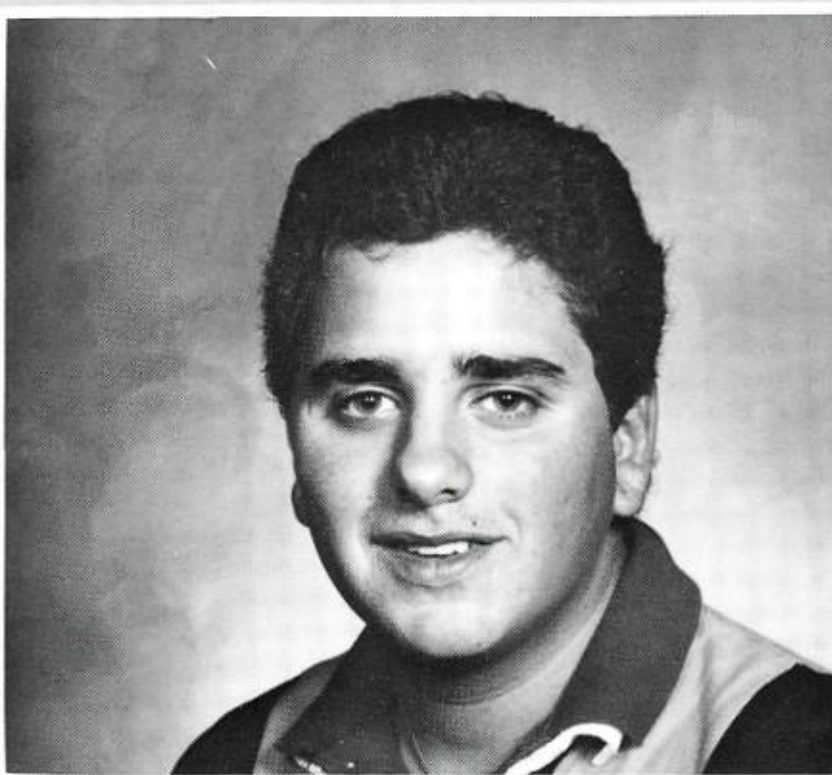

PETER ENGLAND:

"Killing under the cloak of war is nothing but an act of murder." — *A. Einstein* "Everybody, at some time or another, has to have a goal." Philosophy: For myself, I have a severe distaste for overused sayings. I leave you with this: Wherever you go, there you will be. Whenever you get there, throw a party.

ANDREA GUERRERO: (Hispanic National Merit Semifinalist):

"Everywhere you go, every person you meet — leave something to better the world. Leave your sincerity and objectivity, your warmth and compassion, and your organization and creativity." — *Mom* "The future is for people unhappy with today; it's for the changers, the movers, and the believers." — *Father*

NICOLAS MAGLARAS:

"Whatever you do in life, never quit. It is better to try and fail than to quit." Hobbies: sleeping, watching movies, going to sporting events, and anything that I won't be sorry for in the mornings. Goal: to succeed and make as much money as possible.

ORGANIZATIONS

S A G A S T A F F

The producers, the creators, the wheelers and the dealers, the *Saga* Staff is a unique composite of people. Day in and day out (sometimes night in and night out) these hard workers strive to put together a whole working of pictures, copy, artwork, and graphics that will comprehensively represent the 1987-88 school year and all of its goings-on. *Saga* is an experience, entire of itself; it teaches dependence and independence, responsibility and liability. Staff members, like in writing an essay, must formulate a book with a beginning, a middle, and an end, all of which must be new, exciting, and characteristic of the year in full.

This particular year, *Saga* members were confronted with the dilemma of absolving and/or creating new traditions to fit the ever-changing student body. The changes were made in the interest of the students themselves who, perhaps unaware, are part of a new generation of intense individuals.

In all of its laughter and joviality, its sensitivity and triviality, *Saga* is an entity unmatched by another in its perpetual focus on the trends, the traditions, the problems, and the resolution of students.

HOOFBEAT

Editors: **Standing**-JoAnn Johnson, Melinda Black, Clint Weelock (Editor-in-Chief), Mark Hurst, Beth Plaskoff, Tammy Adams. **Seated**-Gretchen Burckart (Associate Editor), John Hooker (Associate Editor), Katie Koegler.

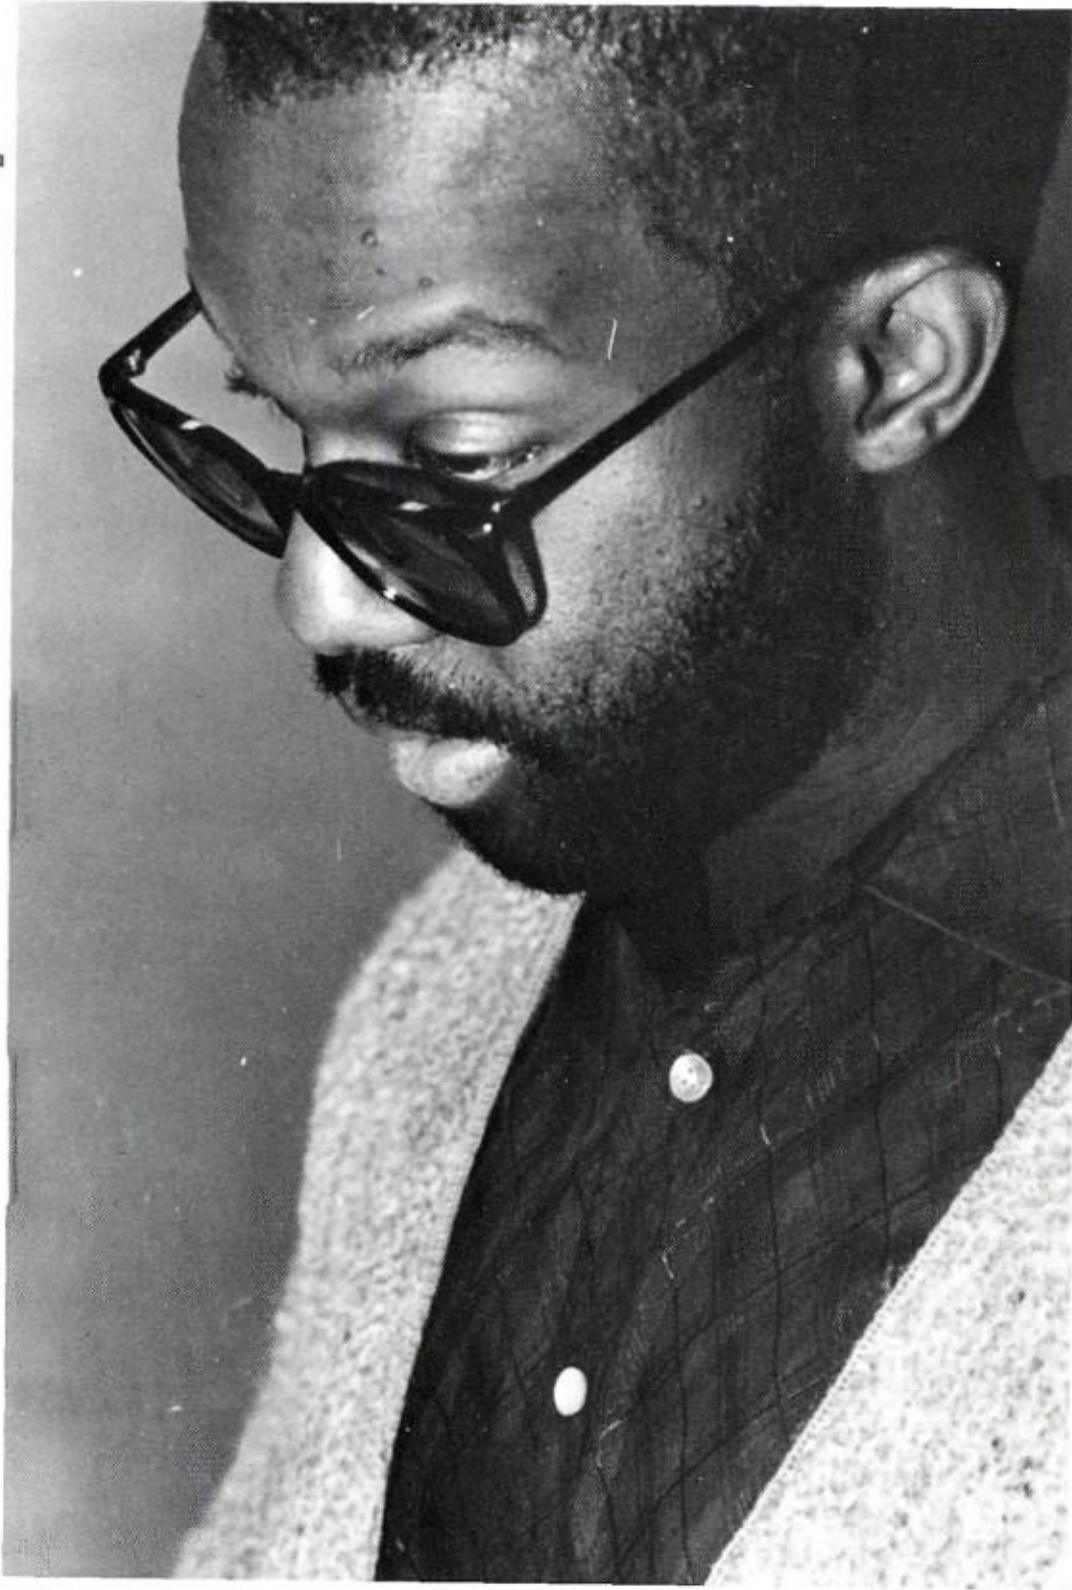

Are you watching, huh?

After three years of abstinence, W.T. White High School is once again blessed with a school newspaper. The *Hoofbeat*, sponsored by Mr. Turner, meets each day at sixth period to put together an informative yet relevant newspaper for our students. It offers a chance for students to voice opinions, concerns, or just good old jokes. We hope to make the *Hoofbeat* an uninterrupted tradition at W.T. White.

Of all the spirit groups, the Varsity Cheerleaders are the most important in encouraging W. T. W.'s many athletic events. The cheerleaders are an integral element characterizing the momentum and the excitement of the student body. Without their support, W. T. W. would not be able to foster enthusiasm.

BURNT ORANGE DEPT. OF SPIRIT

The Burnt Orange Department of Spirit cheered its way through yet another year. In fact, their second year as a vying spirit club of W.T. White. They did an outstanding job at the Gooch Halloween Carnival this past October. Sporting slate blue coveralls with bright orange lettering, the BODS were spotted at every Varsity football game. The BODS are also seen attending various sports events throughout the year. New members were inducted at the orange and white game in an attempt to make the BODS a tradition for years to come.

THE FEW, THE PROUD, THE L.P.C.

The Longhorn Petroleum Corporation showed an abundance of spirit in many ways during the school year. The group prospered under the leadership of Mr. Nichols and also under the leadership of the officers. Officers included: Drew Scaggs-President, Jason Fagelman-Vice President, Ben Guedry-Treasurer, and Jay Walsh-Secretary. The LPC, along with the Baby Bulls, began an aluminum can drive to benefit the school. The spirit of LPC could be seen every Friday at pep assemblies and at football games. The twelve enthusiastic members participated in various fundraising activities and projects. The LPC showed Longhorn spirit during 1987-'88 and carried on the tradition with pride.

Once again, the L.E.I. provided an ample supply of spirit wherever they went this year. The L.E.I. was always present in full force at the pep assemblies and football games. The L.E.I. defeated the Hillcrest H.S. S.I.R.S. in a broomball game at the Galleria by an overwhelming score of 3-2. This spirited group held fundraising activities and also helped the band and drill team at both U.I.L. and Parade of Champions contests. The 1987-88 Baby Bull spirit group once again displayed their continuing support for W.T. White High School. The school could always count on their presence and spirit at pep rallies and football games. The Baby Bulls, with only twenty girls, had a great year! They had car washes over the summer, bake sales during the year and collected puppies from the SPCA to take to nursing homes. The Baby Bulls along with the LPC also started the aluminum can drive for the school that is to continue for years to come. The traditional Baby Bulls led this year with pride!

The 1987-1988 Caballeras had a fantastic year. Under the leadership of two new sponsors, Ms. Line and Ms. Repp, the Caballeras made the year one to remember. At the beginning of the summer, the drill team traveled to Texas A & M University for custom camp, where they received an excellent rating plus an award for being one of the most admired teams in attendance. Klaire Fitzgerald and Kelli Chronister were named to the All American Who's Who Drill Team and Jill Strelsky and Jamie Arnold were selected for the All American Who's Who Honor Roll. The officers also did very well at their officer camp at S. M. U.

The Caballeras spent many long, excruciating hours in the summer at boot camp learning great routines that ranged from high-kick to jazz. They used these new routines in half-time shows. The Caballeras' outstanding dances, combined with a delightful show that they performed with the band, enhanced the football season and the remainder of the Caballeras' exciting year.

LONGHORN MARCHING BAND

As always, the W.T.White Band maintained a high level of excellence this year. During marching season, the band and flag corps performed at every football game half-time show and managed to show up all of the other bands. The marching band also participated in the UIL and Parade of Champions marching contests with a very innovative and entertaining show, and did a super job. In the late fall, a high percentage of band students won chairs in the All-City and All-Region bands and orchestra. After the holiday concert, the band went to work on concert music and performed very well at the spring band contests. The band engaged in several fundraising activities including performances at Love Field, Macy's, and at many other prestigious functions. The spirit and cooperation that the band demonstrated as a unit motivated everyone to strive for perfection.

The French Club, a small close-knit group, kicked off the 1987-88 school year with a get acquainted party at Rob Cook's house and a picnic at Churchill Park where they enjoyed a game of *boules*. At the Christmas party, club members enjoyed a traditional yuletide log which was lovingly prepared by Amy Buchanan and her mother. The Khraish family hosted the celebration to collect toys for the Channel 8 Santa's Helpers. Later in the season, the club participated in the National French Contest and Fete Francais. The year ended with many theme nights such as Monte Carlo Night and Mardi Gras. The annual French banquet was a successful finale to the year. TOUT EST BIEN QUI FINIT BIEN!

The 1987-1988 Spanish Club's year was one of tremendous success. This year, the organization boasted of the highest memberships ever in the history of the Spanish Club. The year was packed with memorable and exciting activities for all involved. Starting the year off "letter perfect," the club had a rousing game of Spanish Wheel of Fortune, complete with plenty of fabulous prizes. Later, the club participated in a fun Christmas fiesta and contributed canned foods to the needy. The Spanish Club, led by a great new sponsor, Mrs. Glaspy, planned many other interesting and fun activities for the remainder of the year. All in all, the club enjoyed a fantastic, fun-filled year. ¡ VIVA ESPAÑOL!

DECA

DECA is an organization that familiarizes students with the business world and the Free Enterprise System. The purpose of DECA is to give students on-the-job training in the area of their interest. HOW TO TELL A WINNER FROM A LOSER

A WINNER ISN'T AFRAID OF LOSING; a loser is afraid of winning.

A WINNER GOES THROUGH A PROBLEM; a loser is the one who goes around the problem.

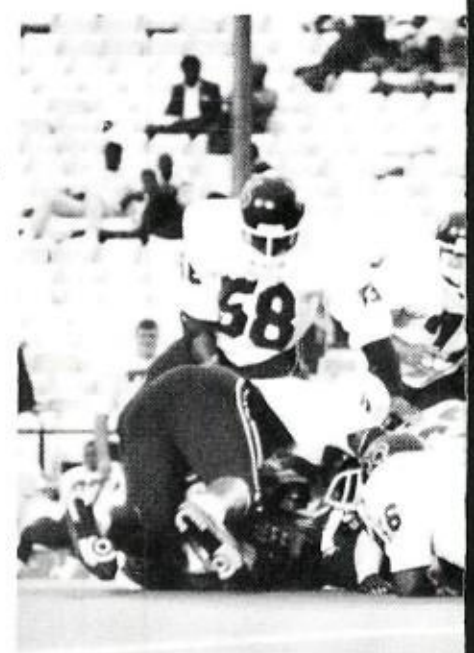

A WINNER MAKES COMMITMENTS; a loser makes promises.

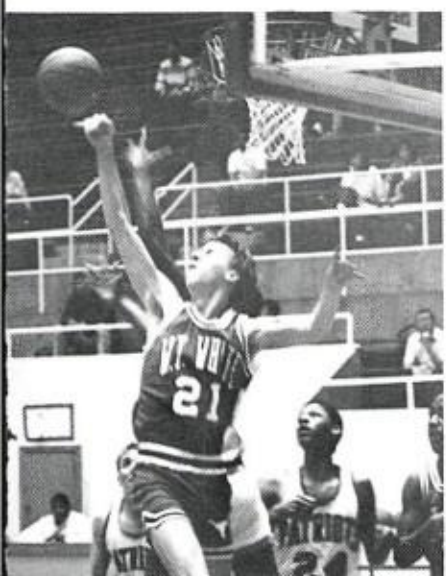

A WINNER FEELS STRONG ENOUGH TO HELP THE WEAK; a loser feels strong among the weak and makes no effort to help.

A WINNER PACES HIMSELF; a loser has only two speeds: hysterical and lethargic.

A WINNER SAYS, "I'LL TRY"; a loser says, "I can't."

WHERE DO YOU FIT IN???

CONSISTENCY

is the truest measure of performance. Almost everyone can have a great day, or even a good year, but true success is the ability to perform day in and day out, year after year, under all kinds of conditions. Inconsistency will win some of the time, consistency will most of the time.

Consistency requires concentration, determination, and repetition. To be at your best all of the time, you must:

Take nothing for granted.
Take pride in what you do.
Take setbacks in stride.
Take calculated chances.
Take the extra lap.
Don't take no for an answer.

The W. T. White varsity football enjoyed one of it's finest seasons in recent years, finishing the regular season with a 6-2-2 record. They started their season with two tie games, South Garland 7-7 and Tyler Lee 7-7. In the Tyler Lee game, and errant whistle muffled an apparent touchdown on the play of the game. After being beaten by Plano East, the team to beat, Bryan Adams and Skyline, ending non-district season at 2-1-2.

They continued to carry their winning momentum during the district season beating Sunset, Pinkston, and

Kimball, before losing to Carter. They beat TJ for the tenth straight year which ensured a happy Homecoming. They finished the district season 4-1.

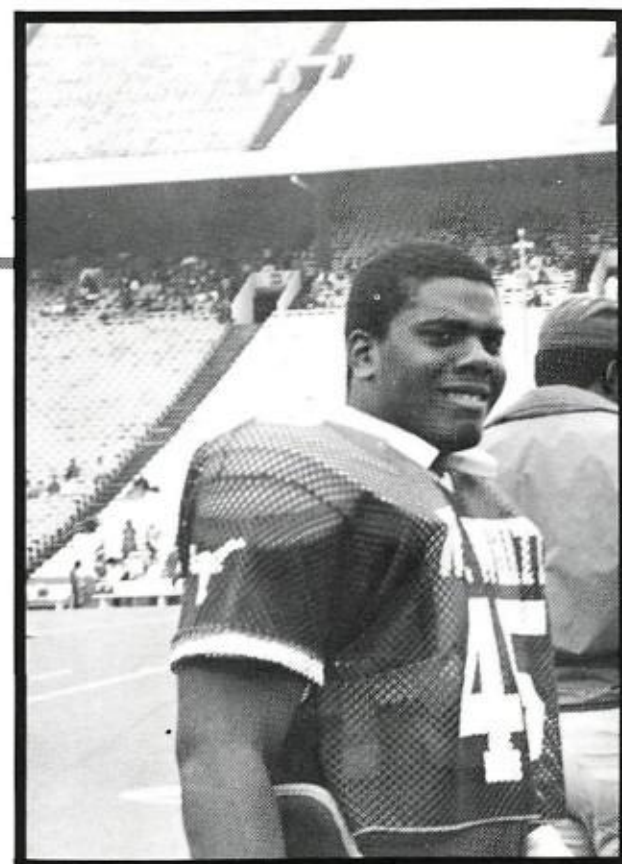

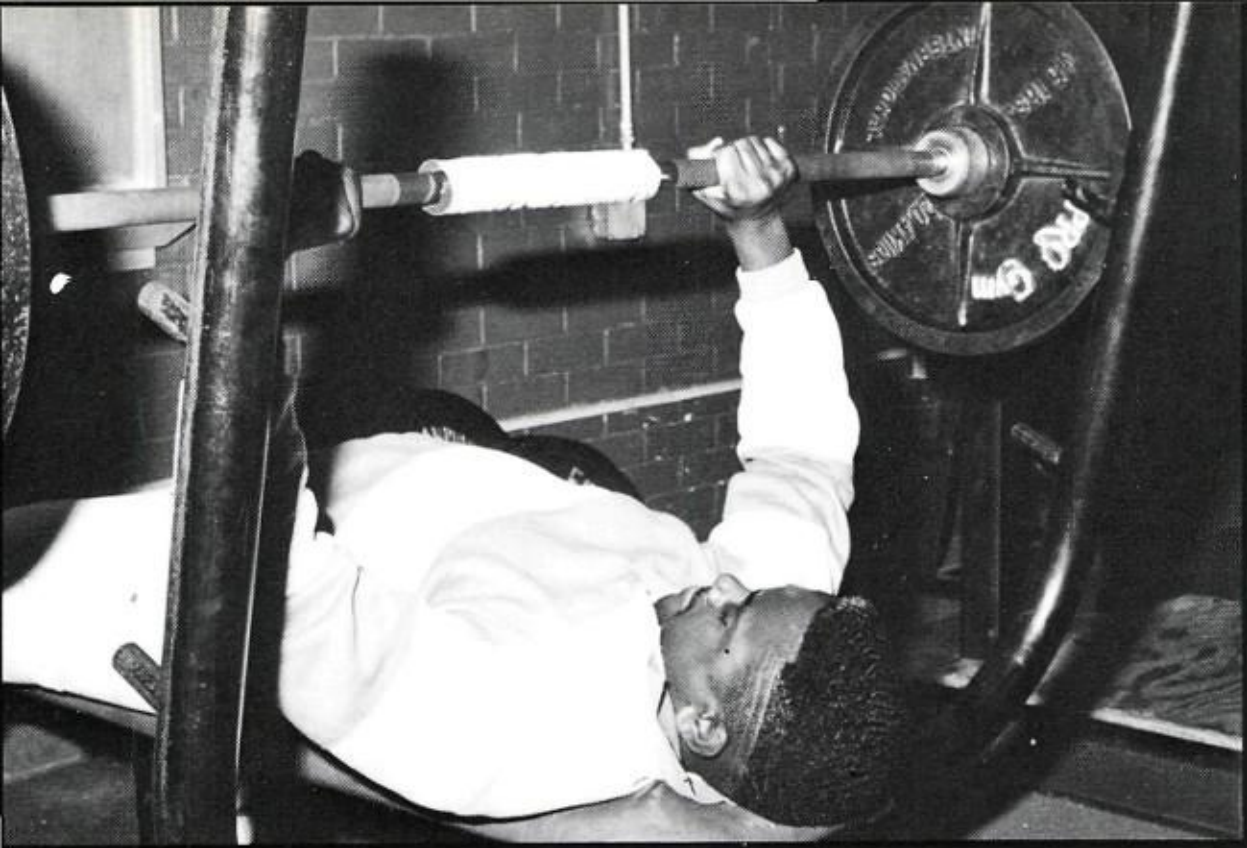

W. T. White had to face the number one team in the state, Plano, for the first game of the District Playoffs. They played an exceptionally well game, despite losing.

Among the many star players included Quarterback Calvin Murray, Running back Felray Thompkins, Wide-receiver Scott Nady, Defensive lineman James Baldwin, and Defensive lineman Irby Hunter.

The J. V. football team had an outstanding year, finishing with an 8-2 record. They split their first two games against South Garland and Berkner, and then went on a six-game winning streak, which included their first three district games. During this time, they outscored their opponents 198-63. They finally felt the agony of defeat after Carter beat them 24-10, but they rebounded to defeat Thomas Jefferson to end the season on a high note.

The W.T. White freshman football team breezed through their season with an 8-1 record. They only had one game in which they gave up more than eight points and that was in the final game of the year. They swept through their non-district games, winning each game by an average of twenty points. They had no trouble defeating Sunset and Pinkston, and then they won in a game that resembled the score of a baseball game, 3-2, against Kimball. Their playing finally took a fall, as they were shut out by Carter. Since Thomas Jefferson could not field a team, the season ended.

Staying fit for football season means working out year-around.

The Freshman football team has off-season training with the J.V. team, a good way to pick up helpful hints! Being on a W.T. White football team means hard work year-round, whether its working out in the weight room or facing off against some teammates on the field. All the work paid off for this year's freshman football team.

The W.T. White varsity volleyball team worked their way through another long, hard season this year. Their coach, Ms. Landy, led them through the tough times. Early wins against Hillcrest and Seagoville raised their morale. Participation in the Adamson Invitational Tournament and the Kimball Tournament helped to improve the team. The returning starters Linda Williams, Tiffanie Lopez, Tameka Brown, and Sheila Simmons gave the spirit to play their best.

J. V. VOLLEYBALL

W. T. White volleys for a scoring point.

The W.T. White J. V. Volleyball team showed a lot of potential this year. Leadership from Coach Hylton helped pave the way for this season. This fearless group of ladies met each of their opponents head on, and did not know the meaning of the word die. In each game they played, they represented their school very well. These heir apparents to the varsity team have a lot to look forward to.

Cross Country is an endurance sport that far and few have the will-power to keep at. Cross Country is more than a physical sport. Psychologically, runners must ensure a constant and steady pace over time and distance. The Cross Country team is fortunate to have Dee Hargis, a more serious runner, as a coach. Ms. Hargis ran in the White Rock Marathon for the first time this year and not only placed 32nd in the female division but also was consequently invited to run in the Boston Marathon. Ms. Hargis is also fortunate to coach a successful cross country team. The girl's team finished third in district and the boy's team finished second. For the first time in several years, the boys sent a qualifying team to regionals. The boy's regional team included Eric, Tim, Chris, Derrick, A.J., Craig, and David. Congratulations to a prospering team.

The W.T. White boys varsity basketball team finished its season on a high note, thereby improving their record from last year. Led by Coach Carter, the team's spirit never ceased to show up. Good crowds each night always cheered their team on. Early wins against Mesquite, Northside, and Woodrow Wilson gave the team a big boost. Their victory against Thomas Jefferson, who is going down to class AAAA, is always appreciated. The starters on the team are Robie Mays, Jason Brown, Scott Hider, Tommy Redmond, and Corey Broadnax, and they really had an excellent season this year.

FRESHMAN BASKETBALL

The W.T. White freshman boys basketball team began their high school sports careers superbly this year. Under the guidance of Coach Heard, they defeated several non-district opponents en route to a successful district season. The varsity team of 1989-1990 looks to be a successful one.

The W.T. White girls varsity basketball team had one of its most successful seasons in a while this year. Under the direction of Coach Hylton, the team breezed through their non-district games, and continued the momentum into their district season, where their excellent play rolled on. The play of Nicole Ransom put her among the statistical leaders in the area. The talent on this team will be evident even more in the future.

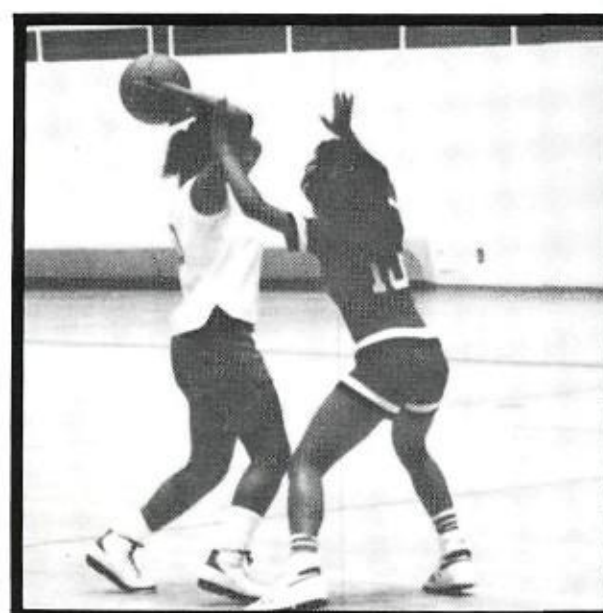

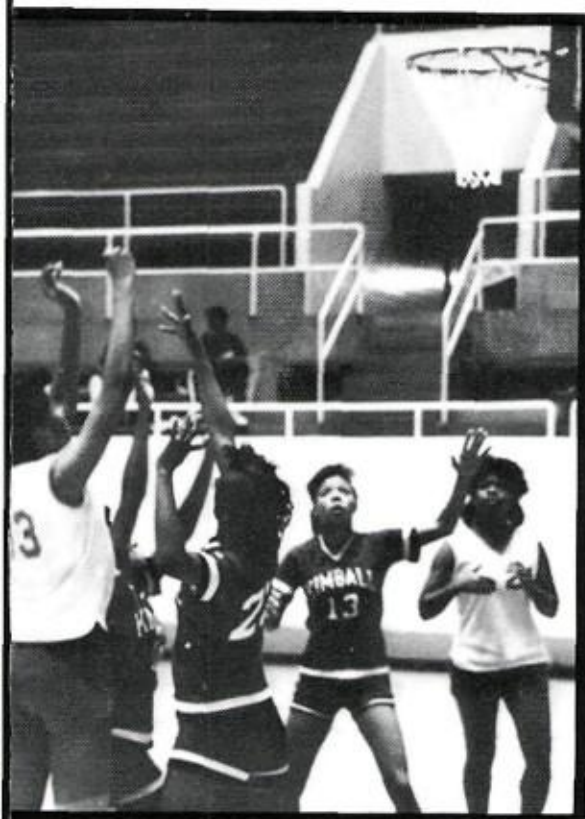

GIRLS J.V. BASKETBALL

The girls junior varsity basketball team enjoyed a good season this year. Preparing them for the season and the jump next year to the varsity team was Coach Hylton. The offensive and defensive skills were shown during the season, especially when they held Samuel to six points in a non-district game. Their success seems guaranteed for the next year and in years to come.

SWIMMING

"3 sets of 2 descending 500's with a minute rest between each set"

The average person might be confused by this but the swimmers of WTW know exactly what this means, consistent hard work for at least 5 months out of the year.

Swimming is the most challenging and the most rewarding sport. Unlike other sports, the emphasis of exercise to the body is internal, that is cardiovascular. Swimming is a workout well worth the effort and well worth the results.

The 87-88 swim season proved to be as successful as years past and perhaps more progressive. Coach

Hargis has in her four years of coaching brought consistency and maximum effort to the team. She is

responsible for pushing her swimmers to not necessarily simply beat other swimmers but rather to beat their own best times. Success does not stop at winning the race; it only pauses before new goals are set.

The team ended their district season on a high note with the girls being district champs and the boys placing second to TJ whose swimmers outnumbered WTW. It was a case of quantity winning over quality. Almost

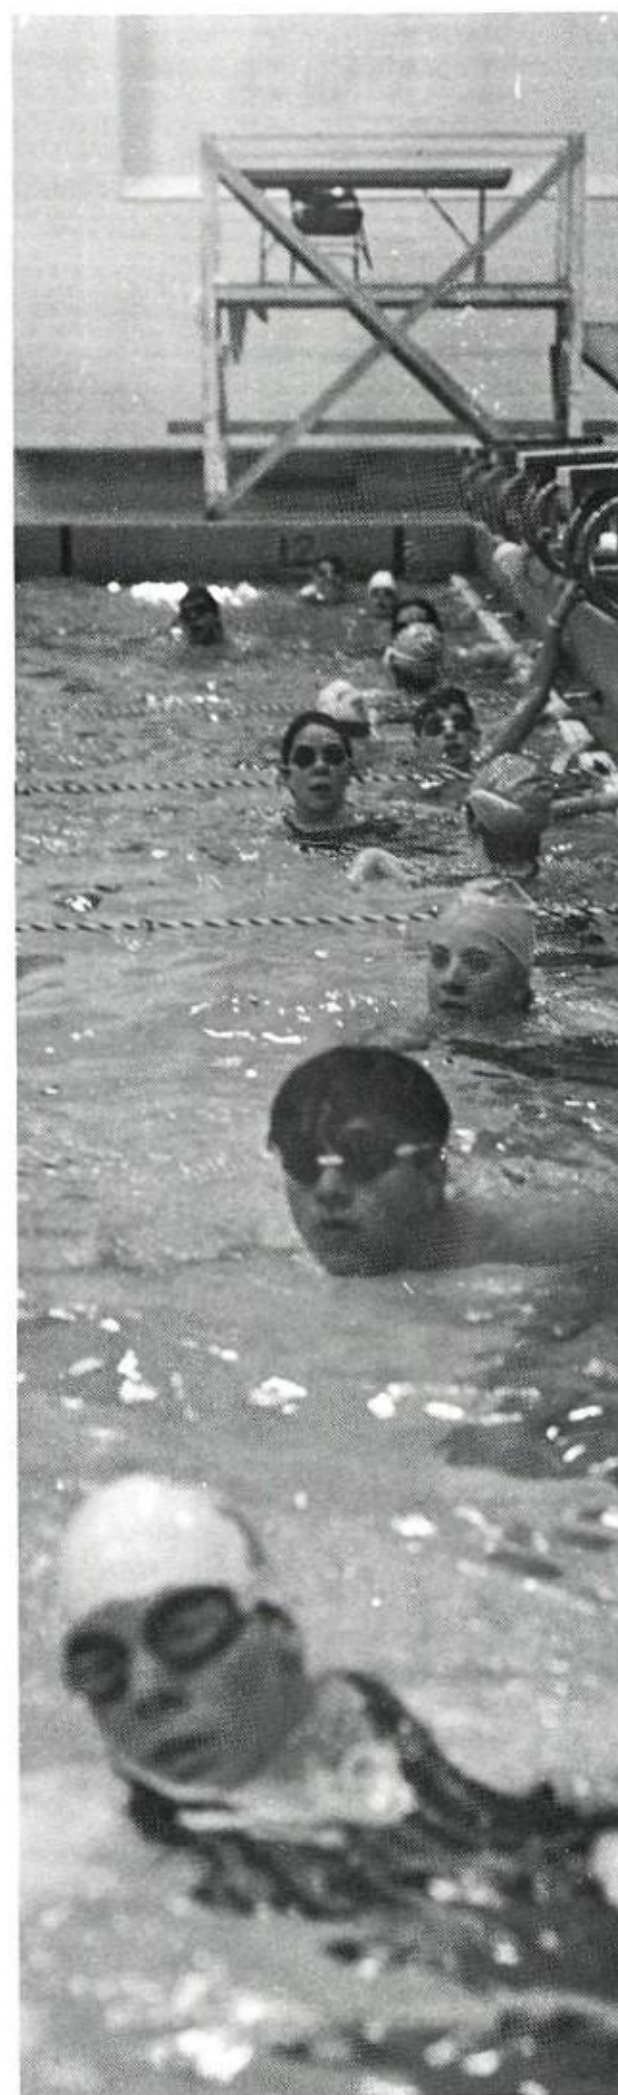

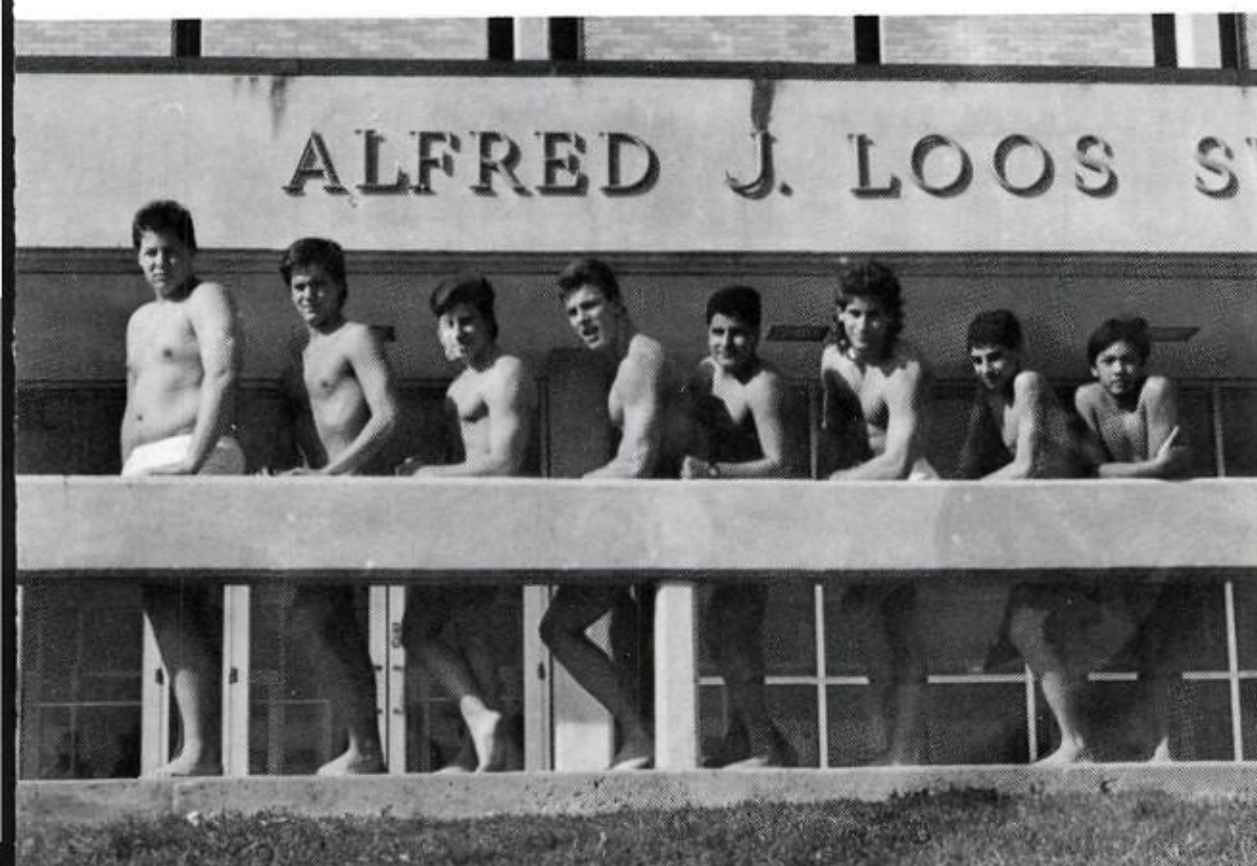

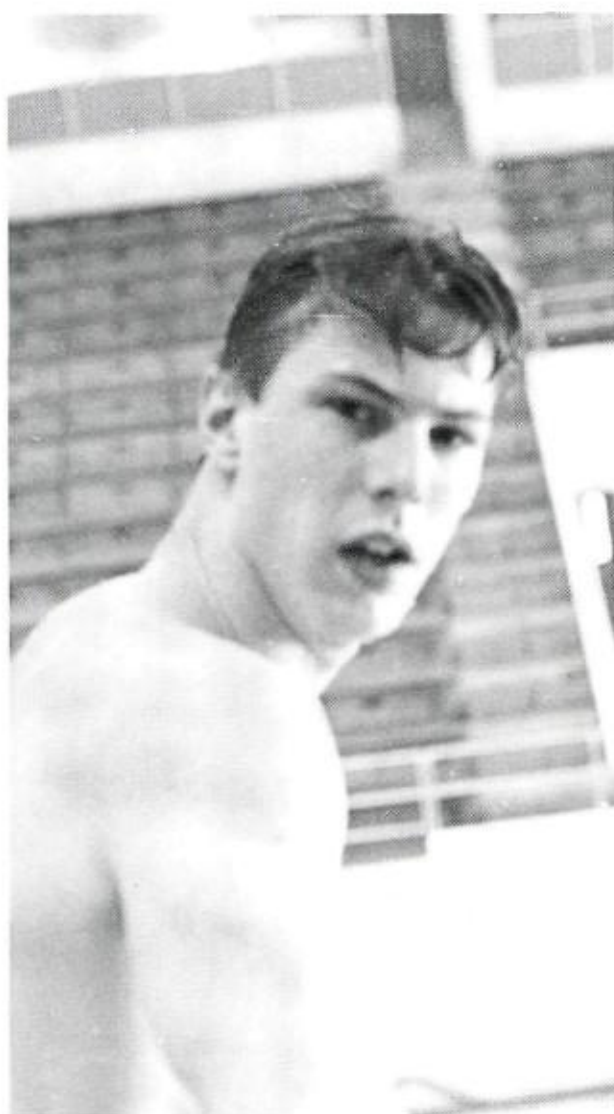

all team members went on to regionals where they made a proud showing.

The tennis team anticipated a *smashing* year with Miss Hannon *Serving* as coach. They didn't always *love* practice, but it helped out during district matches and at the Brookhaven Spring Classic, where they *netted* several victories. However, they were sometimes *courted* with a loss. No matter who they were playing, the tennis team was always on the *ball* and *set* for a *match*.

Dear Dad,

I'm writing you now to tell you that I LOVE YOU! I'm telling you now because I took for granted that you would always be here, and I would have plenty of time, but at your funeral I looked around and all I saw were people, lots of people, and I knew then that people are not around forever and you never have plenty of time. I need to tell you that I LOVE YOU, and how I miss you and how I cherish all the fun times we had together, like the 10 hr. swim meets, the 6:30 a.m. practices, and the best time was when Mom thought that we were at church but we were really at the Midway Point watching the Cowboy game. No matter what I did or how I did it you were always there to support, telling me how great I did. You used to tell me, "Just go out there and do your best and that's all anyone can ask of you!" But I want to be more, I want to be ...

I want to be the BEST.

Dad ... I want to be just like you! I LOVE YOU always.

SPONSORS ACKNOWLEDGEMENTS

It is hard to believe that it is time to *sign-off* the 1988 *Saga*, *A Sign of the Times*. We hope that when you remember these *times* of our lives, your thoughts will be motivated by the various *signs* in the 1988 *Saga*.

At this time, we want to make a *sign* of thanks to the following:

- Mr. Gene Ward, our principal, for his ever-present concern and support. (We're in the black, Mr. Ward!)
- The W.T. White teachers for all of their support in purchasing *Sagas*, encouraging student purchases, and giving up class time for sales, picture-taking, and assemblies.
- Tread Sheffield for his perpetual good-nature, his patience, and his great ideas.
- Gary Studios for doing the outstanding job they promised they would.
- The Staff for the many hours of overtime, for dealing with all of the crises calmly and efficiently (well, almost always), and for listening to my stories. I love you, Andrea, Tarek, Mike, Amy L., Christy, Nikki, Leslie, Kim, Rich, Rod, Thomas, Earl, Elias, Tracer, Stephanie, Amy B., Katie K., Emilie, Katie W., Michele, Nneka, Min, Jennifer, Liane, Scott, Chris, and Kevin!
- Tarek Omar for the many, many hours in the darkroom, the fantastic slide show, the A-1 pictures, nearly having *Saga* banned because of the "group" picture, and inimicable imitations.
- And, last, but not least (how trite!), Andrea Guerrero for keeping all of us in line (sponsor included), being the clean-up gremlin, working out the myriads of problems others created, being the clean-up gremlin, redoing pages, being the clean-up gremlin, listening to my *long* stories, being the clean-up gremlin, and finally for making sure that we were always aware that the *Saga* should reflect the *whole* W.T. White student body and not just a select few.

I was especially fortunate to have taught a select group of students in their seventh grade at E.D. Walker Middle School and their senior year at W.T. White. It was very exciting to watch them grow and mature (?) and I will sorely miss each of them.

LETTER FROM THE EDITOR

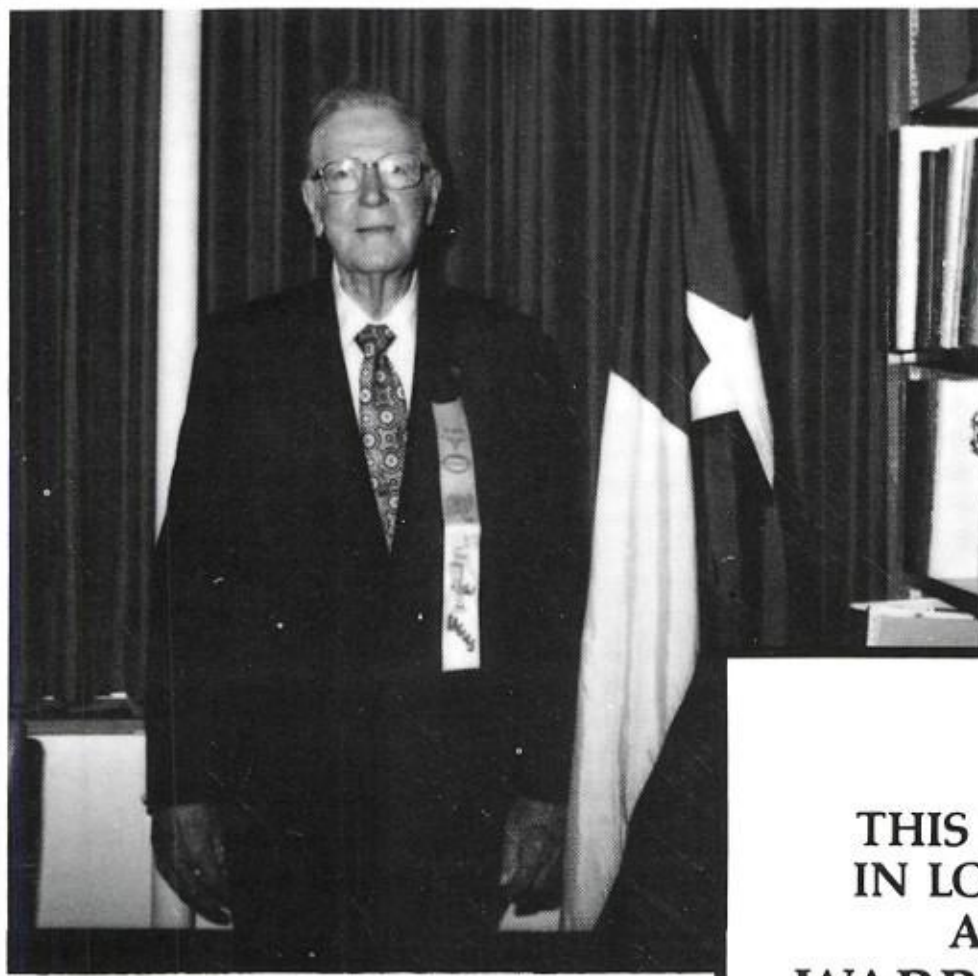

This year the Saga has taken yet another turn in documenting the momentum of the student body. After long hours of discussing and defining the multiple identities characteristic to WTW, the staff has done its best in recording the uniqueness of a diversified school. We have formulated a yearbook that is representational of the WTW individual and the changes the individual encounters within a generation as well as within human nature. As an organization, we have had to decide where to "trim" the budget in accordance with DISD cutbacks and new tax laws. Other changes included the elimination of favorites due to the growing lack of conformity among the students.

Now, more than ever, WTW students are emerging as people with singular uniquenesses that thrive to be recognized. WTW has become an extension and encourager of the idea that with a lot of work, a little luck, and the belief in a dream, anything can happen.

Special thanks to:

- Mary Casey for her creativity and her artistic ability in designing and drawing the Saga cover.
- Laura Bailey for helping with the Saga sales slide show.
- Teachers for caring more than enough about the importance of our task.
- Mr. Ward for watching over us in his fatherly way.
- Kim and Leslie for supporting and helping with the direction I wanted to take the Saga.
- Mrs. Gage for being the relentless cheerleader and backbone of the Saga staff.
- Students for creating the events and feelings of which we document.
- And finally and most importantly, the Sage staff for daring to face the need for change and willing to do something about it.

Andrea Guerrero - Editor
